

# SUBCONTRACT

This Subcontract ("Subcontract") is entered into as of December 2, 2025 (the "Effective Date") between Subcontractor and Contractor, as identified below. For good and valuable consideration, the receipt and sufficiency of which the Parties hereby acknowledge, Contractor and Subcontractor agree as follows:

## 1. Project, Subcontractor and Contractor Information.

### (a) Description of Project ("Project"):

Owner Name: Greenway Pkwy PHX Project Owner, LLC

Project Address: 1010 E. Greenway Parkway

Project City, State Zip Phoenix, AZ 85022

Primary Activity: Erosion Control

Primary Cost Code(s): 02.2370.01

Contract No.: EB2117- 9001

### (b) Subcontractor Name and Address ("Subcontractor"):

Name: Desert Services, LLC

dba Name (if applicable): \_\_\_\_\_

Address: 800 N. Mary St.

City, State Zip Tempe, AZ 85281

Tel.: 480.513.8986

SSN/Tax Id. No.: 99-3752805

### (c) "Subcontractor's Project Representative".

Name: Kendra Ash

Email: kendra@desertservices.net

Tel.: 480.513.8986

Subcontractor's Project Representative shall have express authority to bind Subcontractor with respect to matters requiring Subcontractor's approval or authorization. Subcontractor's Project Representative shall not be changed without 48-hours' prior written notice to Contractor.

### (d) Contractor Name and Address ("Contractor"):

Embrey Builders, LLC  
7600 Broadway, Suite 300  
San Antonio, Texas 78209

Tel.: (210) 824-6044

**(e) "Contractor's Project Representative".**

Name: Yancey Hayes  
Email: yancey.hayes@embrey.com  
Tel.: 210.824.6044

Contractor's Project Representative shall have, and is the only representative of Contractor with, the authority to bind Contractor with respect to matters requiring Contractor's approval or authorization.

**2. Agreement to Perform the Work.** This Subcontract, together with the Subcontract Terms and Conditions ("Terms and Conditions," which are hereby incorporated by reference), and those Contract Documents incorporated herein by reference form the contract between Subcontractor and Contractor. Subcontractor's scope of work ("Work") is specified in the Contract Documents and in **Exhibit A** (Scope of Work). Subcontractor agrees to furnish all materials, labor, supervision, tools, equipment, and supplies necessary to properly and timely perform the Work in accordance with the Contract Documents and all other work reasonably inferable therefrom, all in accordance with the plans listed in **Exhibit B** (Plan Log).

**3. Subcontract Price.** Subject to Subcontractor's performance of its obligations under the Subcontract, Contractor shall pay Subcontractor \$46,021.00 (the "Subcontract Price") in accordance with the Subcontract.

**4. Payment.** Contractor shall make payment to Subcontractor for the Work in accordance with Contractor's Payment Management System (the "Payment Management System Overview") attached as **Exhibit F** and the Terms and Conditions.

**5. Retainage.** From each progress payment made prior to substantial completion of the Work (as defined in the Contract Documents), Contractor may withhold retainage of 10 %, which retainage may be comingled with the retainage withheld from other subcontractors on the Project and, at Contractor's option, held by Owner. Subject to deductions authorized by the Subcontract, retainage shall be released to Subcontractor upon final payment.

**6. Bonds.** Subcontractor shall  not  cause payment  and performance  and supply  bonds in the form acceptable to Contractor and in the penal sum of the Subcontract Price to be executed and delivered to Contractor in accordance with Section 8.9 of the Terms and Conditions.

**7. Insurance Monitoring Service.** Subcontractor shall participate in Contractor's Insurance Monitoring Service Company as described in the Insurance Monitoring Service Overview attached as **Exhibit G**.

**8.** **Exhibits.** The following exhibits are attached hereto and incorporated herein by reference:

- Exhibit A – Scope of Work
- Exhibit B – Plan Log
- Exhibit C – Construction Schedule
- Exhibit D – Schedule of Values
- Exhibit E – Insurance Requirements
- Exhibit F – Payment Management System Overview
- Exhibit G – Insurance Monitoring Service Overview
- Exhibit H – Project Safety Requirements
- Exhibit I – Conditional Waiver & Release on Progress Payment
- Exhibit J – Unconditional Waiver & Release on Progress Payment
- Exhibit K – Conditional Waiver & Release on Final Payment
- Exhibit L – Unconditional Waiver & Release on Final Payment
- Exhibit M – Supplier List

This Subcontract is entered into as of the Effective Date by and between Contractor and Subcontractor.

## SUBCONTRACT TERMS AND CONDITIONS

The following Terms and Conditions apply to this Subcontract:

### 1. THE WORK.

1.1. Subcontractor, by executing the Subcontract, represents and warrants to Contractor that (a) Subcontractor holds all permits and licenses, to the full extent required by Applicable Law, to perform the Work and (b) Subcontractor has, as of the Effective Date, and shall have through the Warranty Period, the financial resources, expertise, capability, and work-load capacity to fulfill Subcontractor's obligations under the Subcontract.

1.2. Subcontractor acknowledges that, before agreeing to the Subcontract Price, Subcontractor, to the extent commercially reasonable, became fully acquainted with and verified the conditions of the Site and surrounding area, including, as applicable, available labor supply and labor rates for the duration of the Project, lead-time of the materials to be incorporated into the Work, normal weather conditions, road restrictions, traffic hazards and patterns, turning radius restrictions, height restrictions, noise restrictions, available lay-down area, allowable work hours, and other obstructions, impediments, and conditions which in any manner could affect the timely performance of the Work. Subcontractor assumes full and complete risk and responsibility for all such existing conditions relating to the performance of the Work, including any unforeseen difficulties, not the fault of Contractor or its Agents, which Subcontractor may encounter.

1.3. In performing the Work, Subcontractor assumes toward Contractor all of the obligations and responsibilities assumed by Contractor toward Owner, as applicable to the Subcontract.

1.4. By appropriate written agreement(s), Subcontractor shall require each of its sub-subcontractors and suppliers of any tier, to the extent of the Work to be performed by each, to be bound to Subcontractor by the terms of the Contract Documents and to assume towards Subcontractor all the duties, obligations, and responsibilities which Subcontractor, by the Contract Documents, assumes towards Contractor. At Contractor's request, Subcontractor shall provide Contractor copies of all sub-subcontracts and purchase orders relating to the Work.

1.5. The Contract Documents are complementary, and what is required by one shall be as binding as if required by all. Contractor shall have the benefit of all rights, remedies, and redress against Subcontractor that Owner and the Architect have against Contractor under the Contract Documents. Any decision by Owner or the Architect or interpretation of the Contract Documents with respect to the Work shall be binding upon Subcontractor to the same extent such decision is binding on Contractor.

1.6. Subcontractor shall, before starting each portion of the Work, carefully study and compare the various Contract Documents as they pertain to the Work and take field measurements of any existing conditions (but only if practical and without destructive testing). These obligations are for the purpose of facilitating coordination and construction of the Work by Subcontractor and not for the purpose of discovering errors, omissions, or inconsistencies in the Contract Documents; however, Subcontractor shall promptly notify Contractor of any errors, omissions, and

inconsistencies discovered or made known to Subcontractor. Subcontractor is not required to ascertain that the Contract Documents are in accordance with Applicable Law, but Subcontractor shall promptly notify Contractor of any noncompliance discovered or made known to Subcontractor and shall not construct or subcontract any portion of the Work envisioned by the Contract Documents which it discovers or knows to be noncompliant with Applicable Law. It is recognized that the foregoing obligations are made in Subcontractor's capacity as a contractor and not a design professional, except as provided in Section 1.7.

1.7. If professional design services or certifications by a design professional related to systems, materials, equipment or other aspects of the Work are required of Subcontractor, the following additional requirements shall apply with respect to such services:

(a) Subcontractor shall cause services or certifications to be provided by a properly licensed design professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, and other Submittals prepared by such professional. Contractor and Owner shall be entitled to rely upon the adequacy, accuracy, and completeness of the services, certifications, and approvals performed or provided by such design professionals. Contractor will review, approve, or take other appropriate action on Submittals only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents.

(b) All such design services shall be performed in accordance with the professional skill and care ordinarily provided by professionals of the same profession experienced in similar projects practicing at the same time, in the same or a similar locality, and under the same or similar circumstances.

(c) Subcontractor hereby grants Contractor a non-exclusive, irrevocable, assignable, transferable, royalty-free license to use, reproduce, distribute, complete, or modify all drawings, specifications, reports, field notes and observations, calculations, and other design and construction documents required of Subcontractor pursuant to Section 1.7 ("Instruments of Service"). Subcontractor shall cause each of Subcontractor's sub-professionals to grant Contractor an identical license to the full extent of the sub-professional's intellectual property rights in the Instruments of Service.

(d) Subcontractor will assist Contractor, at Contractor's full cost, in every lawful way from time to time to enforce Contractor's licenses in and to the Instruments of Service. To that end, Subcontractor will execute, verify and deliver such documents and perform such other acts (including appearances as a witness) as Contractor may reasonably request for use in evidencing and enforcing its above-described licenses in and to the Instruments of Service. Subcontractor's obligation to assist Contractor under this section shall continue beyond the termination of this Subcontract or the completion of the Work, but Contractor shall compensate Subcontractor at Subcontractor's then standard rates for the time actually spent by Subcontractor at Contractor's request on such assistance.

(e) If this Subcontract is terminated with or without cause, Subcontractor shall promptly furnish Contractor with the Instruments of Service, along with all working drawings, sketches, job photographs, and other documentation gathered or created in the preparation of

the Instruments of Service and performance of the Work, in their native format upon Contractor's payment of the reproduction expenses thereof.

(f) Subcontractor represents that any and all Instruments of Service which are afforded protection under the Copyright Act, state and federal trade secret statutes, or any other Applicable Law pertaining to intellectual property, are or shall be the independent creation of Subcontractor or Subcontractor's sub-professionals. In addition to Subcontractor's other indemnification obligations under this Subcontract, Subcontractor shall defend (with legal counsel satisfactory to Contractor), indemnify and hold the Indemnified Parties harmless from all Losses arising out of or resulting from the actual or alleged infringement of any domestic or foreign patents, copyrights, trademarks or other intellectual property rights that may be attributable to Subcontractor or any sub-professional of Subcontractor in connection with the Instruments of Services. In the event that any suit or Claim is brought, or temporary restraining order or preliminary injunction is granted, related to the infringement of any patent, copyright or other intellectual property right in connection with the Instruments of Service, Subcontractor shall, in addition to Subcontractor's obligation above, make every reasonable effort, by giving a satisfactory bond or otherwise, to secure the suspension of the injunction or restraining order. If, in any such suit or Claim, the Instruments of Services or any part thereof is held to constitute an infringement and its use is preliminarily or permanently enjoined, Subcontractor shall promptly use Subcontractor's best efforts to secure for Contractor a license, at no cost to Contractor, authorizing continued use of the infringing work. If Subcontractor is unable to secure such a license within a reasonable time, Subcontractor shall, at Subcontractor's own expense and without impairing performance requirements, either replace the affected Instruments of Service, in whole or in part, with non-infringing components or parts of equal or superior quality or modify the Instruments of Service so that they become non-infringing. In either event, Subcontractor shall provide the resulting non-infringing Instruments of Service in accordance with the applicable professional standard of care set forth in Section 1.7(b) above.

(g) In the event Contractor completes, modifies, or alters the Instruments of Service without Subcontractor's prior written permission, Contractor (a) releases Subcontractor and all Subcontractor's sub-professionals (to the full extent of the sub-professional's intellectual property rights in the Instruments of Service) from all Claims and causes of action arising therefrom and (b) agrees to indemnify and hold harmless Subcontractor and all Subcontractor's sub-professionals from all Losses arising therefrom. Notwithstanding the foregoing, nothing in this section shall be construed to release Subcontractor or any sub-professional of Subcontractor for any act or omission that deviates from the applicable professional standard of care set forth in Section 1.7(b) above.

(h) Subcontractor shall maintain, at its own expense, all licenses and certifications necessary to perform any professional services required by the Work.

1.8. In the event Subcontractor discovers or reasonably should discover any conflict, ambiguity, discrepancy, or inconsistency in the requirements of the Contract Documents or between the Contract Documents and Applicable Law, Subcontractor shall request from Contractor before performance of the applicable Work, a written clarification of such conflict, ambiguity, discrepancy, or inconsistency and shall perform the Work in accordance with such written

clarification. In the event Subcontractor performs any Work without notice to Contractor of such conflict, ambiguity, discrepancy, or inconsistency, (a) Subcontractor shall provide Work of the better quality or greater quantity a reasonable interpretation of the Contract Documents permits and (b) Subcontractor shall be solely responsible for bringing the Work (and the work of other Persons affected thereby) into conformance with the Contract Documents and Applicable Law.

1.9. If in Subcontractor's opinion, detailed information sufficient to permit performance of the Work is lacking in the Contract Documents, or it is difficult or impractical to complete the Work in accordance with the Schedule, Subcontractor will notify Contractor in writing within five (5) days and request clarification, amplification or interpretation before proceeding with any of the Work affected thereby.

1.10. Subcontractor shall (a) exercise that skill and judgment customary in the industry and Project locality in performing the Work, (b) furnish efficient business administration and supervision of the Work, (c) furnish at all times an adequate supply of workers and materials, and (d) comply with all Applicable Laws pertaining to Subcontractor's performance of the Work. Subcontractor shall carry out the Work so as not to interfere with or cause damage, delay, disruption, or hindrance to the work of Contractor or Contractor's Agents. Subcontractor shall be responsible for all acts and omissions of Subcontractor's Agents and their respective employees, representatives, and agents.

1.11. Subcontractor shall attend all required job and safety meetings in person by a qualified representative pertaining to the Work. Failure to attend may result in fiscal impact up to \$250 per meeting missed.

1.12. Subcontractor shall enforce strict discipline and good order among Subcontractor's employees and other Persons carrying out the Work on Subcontractor's behalf. Subcontractor shall not permit employment of any Persons unfit for employment or without the training or skill to perform the task assigned to them. Subcontractor shall take reasonable measures to ensure harmonious labor relations among the workers on the Site.

1.13. Subcontractor shall provide Contractor with the names and contact information of all Agents Subcontractor intends to use in the performance of the Work within three (3) days after Contractor's written request, and Subcontractor shall promptly notify Contractor of any changes thereto. Contractor shall have the right to reasonably object to any such Agent. However, any approval or rejection by Contractor of such Agent shall not relieve Subcontractor of its responsibilities to perform Work in accordance with the Contract.

1.14. Subcontractor agrees that Contractor's equipment and equipment operator(s) will be available to Subcontractor only with Contractor's written permission and upon terms satisfactory to Contractor. Any use of Contractor's equipment or operator shall be at Subcontractor's sole risk and without any representations or warranties. In the event Contractor allows the use of its equipment or an operator by Subcontractor, such operator shall be considered as the Agent and servant of Subcontractor, and Subcontractor shall be solely responsible for the acts or omissions of such operator. Subcontractor shall make a thorough inspection of Contractor's equipment and evaluation of the operator to satisfy itself as to the physical condition of the equipment and the competency of the operator.

1.15. If any precedent work is not in the condition to accept any Work, Subcontractor shall notify Contractor prior to the performance of such Work. Otherwise, Subcontractor shall assume all responsibility for curing any Defective condition in the preceding work and Work. Subcontractor shall be responsible for cutting, fitting, or patching required to complete the Work or to make parts fit together properly. All areas requiring cutting, fitting, or patching shall be restored to the condition existing prior to the cutting, fitting, or patching, unless otherwise allowed in the Contract Documents.

1.16. Subcontractor shall be responsible for providing all layout necessary to complete the Work from established lines and levels set by Contractor.

1.17. Subcontractor shall provide all fire-stopping and seal all sleeves and penetrations in roofs, walls and slabs relating to the Work (including, but not limited to, electrical, plumbing, HVAC, and fire protection penetrations), employing sealants and methods specified in the Contract Documents, or if not specified, approved by the Architect and the local fire marshal or any other Governmental Authority. Subcontractor shall perform all cutting, fitting, and patching that may be required to make parts of the Work fit together properly or to make the Work fit together properly with the work of other contractors and subcontractors.

1.18. Subcontractor shall store materials and equipment on the Site only in areas designated by Contractor. Subcontractor shall be responsible for the proper storage and for any damage, casualty, or theft of any materials or equipment stored on the Site. No Claim for an increase in the Subcontract Price or an extension or modification of the Subcontract Time will be made by Subcontractor if Subcontractor must relocate or protect materials or equipment in order to comply with such directives by Contractor.

1.19. In addition to Subcontractor's obligations under **Exhibit H**, Subcontractor shall keep the Site free from the accumulation of waste materials, packaging materials, and rubbish caused by operations under this Subcontract. At appropriate times during the performance of the Work (at a minimum of weekly), Subcontractor shall remove waste materials (i.e., lumber, mortar, plaster, concrete, dirt, soiling, and staining), rubbish, tools, equipment, machinery, and surplus materials from the Site. At the completion of the Work in each area, Subcontractor shall perform such cleaning as may be required to leave the area "broom clean." Subcontractor shall comply with all Applicable Law concerning removal, handling and disposal of debris. If Subcontractor fails to perform its obligations under this section within 48-hours after written notice from Contractor, Contractor shall have the right, but not the obligation, to do so and deduct the cost thereof from amounts due or that become due Subcontractor.

1.20. The Work shall be subject to the final approval and acceptance by Owner and Contractor. Contractor shall have the right to inspect and test the Work prior to acceptance. Neither acceptance of the Work nor payment therefor shall constitute a waiver of Owner's or Contractor's rights and remedies if the Work is later found to be Defective, if Subcontractor is later found not to have complied with any provision of the Contract, or if Subcontractor is otherwise not entitled to any payment previously received.

1.21. If a portion of the Work is covered contrary to Contractor's request or contrary to requirements in the Contract Documents, such Work shall be uncovered upon Contractor's request

and be replaced at Subcontractor's expense without an adjustment in the Schedule or Subcontract Time.

## 2. SAFETY.

2.1. Before entering the Site, Subcontractor shall become familiar with: (i) Contractor's currently operative safety manual (which is available at Contractor's field office upon request), (ii) the Project Safety Requirements attached as **Exhibit H** (Project Safety Requirements), (iii) regulations, programs and measures of Owner, Contractor, and any Governmental Authority having the authority over the Project, including the Williams-Steiger Occupational Safety and Health Act of 1970 (OSHA), (iv) all rules of regulations established pursuant thereto, and all amendments and supplements thereto (collectively, "Safety Requirements"). Subcontractor shall be solely responsible for ensuring that Subcontractor and all of its Agents comply with all such Safety Requirements. In addition to immediate verbal notification to Lead Superintendent, Subcontractor shall report in writing to Contractor within twenty-four (24) hours of an occurrence any injury to any Agent of Subcontractor's which occurred at the Project.

2.2. Subcontractor shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the performance of the Subcontract. Subcontractor shall take reasonable precautions for safety of, and shall provide reasonable protection to prevent damage, injury, and loss to, employees engaged in the performance of the Work and other Persons who may be affected thereby. Subcontractor shall comply with, and give notices required by Applicable Law bearing on safety of persons or Property and their protection from damage, injury, or loss.

2.3. Subcontractor shall implement, erect, and maintain, as required by Applicable Law, or as required by existing conditions, reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards.

2.4. When use or storage of explosives, Hazardous Substances, dangerous materials or equipment, or unusual methods are necessary for execution of the Work, Subcontractor shall exercise utmost care and carry on such activities under the supervision of properly qualified personnel.

2.5. Before delivering any Hazardous Substance to the Site, Subcontractor shall furnish Contractor with two (2) sets of the Safety Data Sheet for such substance and Subcontractor shall file a copy of such Safety Data Sheet for such substance and documentation as may be required by any Governmental Authority. Subcontractor shall label all Hazardous Substances delivered to the Site. Subcontractor and its employees and sub-subcontractors shall comply with any and all Applicable Law regarding chemical inventory reporting.

2.6. Subcontractor and its Agents shall not cause any damage or loss to any work in place, equipment, materials, or other Property on the Site. Subcontractor shall be responsible for all Losses Contractor incurs to remedy any such damage or loss to work or Property caused by Subcontractor or its Agents.

2.7. Subcontractor shall secure and protect the Work from damage caused by Subcontractor, its Agents, and any casualty and shall assume all such responsibility until acceptance of the Work.

The risk of loss or damage with respect to the Work, during transit, to and while at the Site or otherwise, shall remain with Subcontractor until Contractor has accepted the Work. Notwithstanding the foregoing, Subcontractor shall not be responsible for damage caused to the Work solely by Contractor or its Agents.

2.8. In the event of any damage or loss to Subcontractor Property attributable to Contractor or its Agents, Subcontractor shall make a Claim in accordance with Section 3.2.

### **3. CHANGES AND CLAIMS.**

3.1. Contractor at any time may by Change Order make any change to the Work to be provided under the Contract, including (a) the addition, reduction, or deletion of the Work, or portions thereof, (b) modifications to the Schedule, and (c) changes in any applicable Contract Documents. Subject to Subcontractor's rights under Section 3.2, Subcontractor shall promptly comply with any ordered change in the Work notwithstanding any pending dispute over price, quantity, time, or other adjustments associated with such change.

3.2. If Subcontractor considers (a) any directive by Contractor, (b) any event, occurrence, condition, or interpretation of the Contract Documents, (c) any act, neglect, or default of Owner, Contractor, Architect, or their respective Agents, (d) any delay, acceleration, re-sequencing, disruption, or change in the Schedule or Subcontract Time, (e) any Abnormal Weather, (f) any action or inaction of any Person, or (g) any other cause or circumstances to be a change in the Work or any grounds for an increase in the Subcontract Price or an adjustment in the Subcontract Time, Subcontractor shall submit a Claim to Contractor with all information and documentation required for a complete analysis of such Claim before proceeding to execute the portion of the Work that is the subject of the Claim and within five (5) days after the start of the matter giving rise to the Claim. No information in Project meeting minutes, Schedules, daily reports, or progress reports shall be considered notice of a Claim. Responsibility to substantiate a Claim rests with Subcontractor. If Subcontractor fails to timely submit a Claim, any right Subcontractor may have had to receive an increase in the Subcontract Price or an adjustment in the Subcontract Time on account thereof shall be fully, unconditionally, and irrevocably waived.

3.3. Any changes Subcontractor wishes to make to the Work shall be provided to Contractor in writing, but Subcontractor shall not proceed with any proposed change unless and until (a) Contractor has approved the proposed change in writing, (b) a Change Order has been executed, and (c) Contractor has directed Subcontractor to proceed with the proposed change. Thereafter, Subcontractor shall diligently proceed to complete any directed change in the Work.

3.4. Contractor shall not be liable to Subcontractor for any changes in the Work not evidenced by a signed Change Order. No course of conduct or dealings between the Parties, nor express or implied acceptance of alterations or additions to the Work, and no alleged unjust enrichment by Contractor or Owner shall be the basis for any adjustment in the Subcontract Price, Schedule, or Subcontract Time. Agreement on any Change Order shall constitute a final settlement of all time and money relating to the change in the Work, including all direct and indirect costs associated with such change, loss of efficiency, acceleration costs, extended general conditions, overhead, and profit.

3.5. Unless otherwise provided in the Contract Documents, if unit prices for any Work are set forth in the Contract, those unit prices will apply to any adjustment in the Subcontract Price for any change in the Work, including the addition or reduction in quantities of Work. Subcontractor shall submit detailed back-up support for any price quoted. Absent agreement between Contractor and Subcontractor with respect to any change in the Work, Subcontractor will receive the actual cost of all labor and materials associated with the change plus 5% overhead and 5% profit.

3.6. This Subcontract is based on Subcontractor's use of materials and equipment only as specified. Substitutions will be permitted only in accordance with the applicable provisions of the Contract Documents. In the event Subcontractor proposes substitutions, Subcontractor will be responsible for any additional cost to Subcontractor or others resulting from the proposed substitution, including changes in the work of other trades resulting from the substitution and for additional costs resulting from delays in the evaluation, delivery, and installation of the proposed substitution or the originally specified material if the substitution is not approved. Delays, costs, and fees resulting from the time necessary for Owner, Architect, and Contractor to evaluate the proposed substitution, even if not approved, will not justify an extension of the Subcontract Time. If Subcontractor submits a request for substitution to Contractor, Subcontractor shall be deemed to have (a) represented that it has investigated the proposed substitute material or equipment and determined that it is equal or superior in all respects to that specified, (b) covenanted to provide the same guarantee for the material to be substituted that Subcontractor would provide for that specified, and (c) warrants that the cost data presented is complete and includes all related costs and that Subcontractor waives all Claims for and agrees to indemnify Contractor and Owner against any and all additional costs related to the substitution which subsequently become apparent.

3.7. Subcontractor shall have no greater right or remedy against Contractor under this Subcontract than Contractor shall have against Owner under the Prime Contract including, but not limited to, any increase in the Subcontract Time on account of adverse weather conditions, concealed or unforeseeable conditions, delays and regulations related to any national or international health emergency (e.g., COVID-19), or force majeure events. Subcontractor's performance under this Subcontract shall be excused to the same extent (but no greater extent) that Contractor exercises its right to suspend performance under the Prime Contract (including, without limitation Contractor's suspension of performance in connection with force majeure events under the Prime Contract). In any dispute between Contractor and Subcontractor, or in the determination of any Claim arising out of or relating to this Subcontract or breach thereof, the decision, determination, estimate, calculation, or award made by Owner, Architect, a court, arbitrator, or arbitration panel legally empowered to resolve conflicts under the Prime Contract shall be binding upon Subcontractor and Contractor with the same force and effect as if Subcontractor was a party to such proceeding. Subcontractor agrees to accept such decision, determination, estimate, calculation, or award applicable to the Work in full satisfaction of any Claim which Subcontractor may have or assert against Contractor or Owner, and Subcontractor waives any right to institute any Action against Contractor relating thereto.

#### **4. WARRANTIES.**

4.1. Subcontractor warrants and guarantees that, upon performance of the Work and throughout the Warranty Period (a) all materials and equipment furnished under the Subcontract will be in

strict conformity with the Contract Documents or, if not specified in the Contract Documents, shall be new and first-class quality, (b) the quality of the Work will conform to the requirements of the Contract Documents and be free from any Nonconformity, and (c) the Work will be completed in conformity with Applicable Law. Any Work failing to comply with the foregoing requirements shall be "Defective." Upon written notice from Contractor, Subcontractor, at its sole expense, shall promptly repair or replace, at Contractor's option, any Defective Work in a manner reasonably satisfactory to Contractor, whether arising before or after final completion of the Work, but before the end of the Warranty Period. Subcontractor, at its sole expense, shall also repair or replace any Property or work of other Persons, whether or not part of the Work, that is occasioned by the Defective Work or by the Warranty Work. Subcontractor's obligation to perform Warranty Work shall not limit the obligations of Subcontractor or the rights of Owner or Contractor under the Subcontract and Applicable Law.

4.2. Subcontractor shall perform the Work in such a manner so as to preserve any and all manufacturer's warranties relating to the Work. All material, equipment, or other special warranties required by the Contract Documents shall be issued in the name of Owner, or shall be transferrable to Owner, and shall commence upon substantial completion of the Project. Subcontractor shall assign all such warranties to Owner, or shall join in executing any such assignments as Owner or the manufacturer may require, as a condition to receiving final payment. However, the assignment of such warranties shall not relieve Subcontractor of any responsibility of the Work as provided in the Contract.

## **5. SCHEDULE OF AND PERFORMANCE OF THE WORK.**

5.1. Time is of the essence with respect to the Parties' performance of the Contract.

5.2. Subcontractor shall commence Work on the date specified in the Schedule unless otherwise specified in a written notice to proceed.

5.3. Subcontractor shall at all times supply and promptly pay for adequate tools and equipment, for a sufficient number of properly skilled workmen, and for a sufficient amount of material and supplies of proper quality to prosecute the Work in accordance with the Contract Documents and the Schedule.

5.4. Subcontractor shall employ only workmen who will at all times work in harmony with those employed by Contractor and by other subcontractors on the Site. If in Contractor's opinion, any employee of Subcontractor's is a disruption to the project, Subcontractor shall remove such employee from the project upon one (1) day's written notice from Contractor.

5.5. Subcontractor shall at all times maintain a daily log of the Work, which shall contain at least the following information: (a) portion of the Work accomplished; (b) manpower count and supervisory personnel on the Work; (c) changes in the Work and the particular reasons therefore; (d) delays in the Work and the particular reasons therefore, and (e) past and failed municipal inspections. This daily log shall be entered into Procore by Subcontractor daily.

5.6. Subcontractor shall promptly submit to Contractor by the date(s) reasonably specified by Contractor all Submittals required by the Contract Documents or otherwise requested by Contractor in writing. The approval by Owner or Contractor of any Submittal shall not relieve

Subcontractor of responsibility for any deviation or omission from the requirements of the Contract Documents unless (a) Subcontractor informed Contractor in writing of such deviation at the time of submission and (b) Contractor has given prior written approval specifically for such deviation or omission.

5.7. By submitting each Submittal, Subcontractor represents and warrants to Contractor that Subcontractor has determined and verified that all materials, field measurements, field construction criteria, catalogue numbers, and data referred to in such Submittal complies with the Contract Documents. Contractor may reject and return to Subcontractor for correction or completion any Submittal rejected by Owner, Architect, or Contractor as incomplete or in improper form. Any payments due Subcontractor may be withheld by Contractor pending timely submission and approval of Subcontractor's Submittals.

5.8. Subcontractor shall perform the Work in strict conformity with the Schedule. Subcontractor shall substantially complete the Work within the Subcontract Time and achieve final completion of the Work in accordance with the Schedule. Subcontractor shall monitor the progress of the Work for conformance with the Schedule and shall notify Contractor of any delay, disruption, or hindrance in Subcontractor's performance of the Work within three (3) days after the start thereof. Contractor shall have no duty to monitor the practices or performance of the Work.

5.9. Subcontractor acknowledges that, as construction of the Project progresses, it may be necessary for Contractor to change the Schedule from time to time. In the event Contractor determines that it is necessary to delay, accelerate, re-sequence, or otherwise change the Schedule, Subcontractor shall, upon notice from Contractor and without the need for a Change Order, exercise best efforts to comply with Contractor's revised Schedule, subject to Subcontractor's rights to assert a Claim under Section 3.2.

5.10. Subject to the provisions in this Section 5, Subcontractor shall be entitled to an adjustment in the Schedule due Abnormal Weather. If Subcontractor contends that a scheduled work day is lost due to an Adverse Weather Event, Subcontractor shall notify Contractor in writing as soon as practical but no later than the close of business on the last business day of the week in which the Adverse Weather Event occurred. Subcontractor shall describe in detail the Adverse Weather Event, the impact it had on the scheduled activities, how the delay in those scheduled activities impacted performance of the Work in accordance with the Schedule, and any work-around or mitigation efforts Subcontractor attempted. If Contractor and Subcontractor cannot agree on whether or to what extent Subcontractor is due an adjustment in the Schedule due to Abnormal Weather, Subcontractor shall be required to assert a Claim pursuant to Section 3.2.

5.11. In the event Subcontractor encounters any delay, disruption, or hindrance in the performance of the Work by any cause, event or occurrence, excepting a delay, disruption, or hindrance caused in whole or in part by Subcontractor or its Agents, Subcontractor's sole and exclusive remedy shall be an equitable adjustment to the Schedule but only if Subcontractor has submitted a written Claim in accordance with Section 3.2.

5.12. Notwithstanding anything to the contrary contained herein, Subcontractor's right to an adjustment to the Schedule is subject to all of the following:

- (a) Subcontractor shall have used commercially reasonable efforts to avoid or mitigate the effect of any delay, disruption, or hindrance;
- (b) Subcontractor shall not be entitled to any adjustment in the Schedule to the extent any excusable delay is concurrent with delay caused by Subcontractor or its Agents;
- (c) Subcontractor demonstrates that there was actual delay in the performance of Work on the critical path after accounting for any concurrent delay by Subcontractor or its Agents; and
- (d) Subcontractor shall timely provide all notices required under the Subcontract to the Contractor.

5.13. Subcontractor shall pay to Contractor all Losses Contractor incurs to the extent caused by Subcontractor's inexcusably failure to timely deliver any Work in accordance with the Subcontract. Notwithstanding the foregoing, Contractor's right to recover such Losses from Subcontractor shall not preclude Contractor from obtaining the non-damages remedies available to Contractor such as terminating the Subcontract or supplementing the Work in accordance with the Subcontract.

## 6. PRICE AND PAYMENT.

6.1. The Subcontract Price set forth in the Subcontract is the entire and complete cost associated with the sale, delivery, installation, and supervision of the Work, including but not limited to, all present and future costs of the following, whether now known or unknown (a) all costs and expenses to pack, load, transport, deliver, unload, and store any materials incorporated into the Work, (b) all labor and supervision costs and employment taxes and benefits to install and perform the Work, (c) all tariffs and sales, consumer, use and other taxes imposed by Applicable Law upon the Work, (d) all costs and fees of any licenses or permits necessary to perform and use the Work, and (e) all tools, lifts, hoists, cranes, forklifts, labor, traffic monitoring, flagmen, road closures, and any other equipment necessary to deliver the materials incorporated into the Work and perform the Work. To the extent Contractor supplies any of the foregoing, Contractor shall be entitled to withhold the reasonable costs and expenses thereof from amounts due or that become due Subcontractor.

6.2. Attached as **Exhibit D** (Schedule of Values) is the schedule of values which shall be used as a basis for approving Subcontractor's applications for payment, unless found to be in error, in which event, Contractor and Subcontractor shall determine what amount, if any, may be due Subcontractor based on Contractor's revision or correction to the schedule of values or Contractor's assessment of the value of the Work performed by Subcontractor from time to time. No percentage SOV line item draw(s) are permitted. The SOV line item(s) must be 100% complete to draw (invoice).

6.3. All applications for payment from Subcontractor and payments to Subcontractor shall be submitted and made as specified in **Exhibit F** (Payment Management System Overview).

6.4. With respect to each progress payment, Subcontractor shall upload to the Payment Management System all duly executed and notarized forms of waiver and release required by the

Payment Management System as well as duly executed and notarized copies of the following documents for Subcontractor and for any Agent of Subcontractor (to the extent applicable): (a) Subcontractor's application for payment, (b) Conditional Waiver & Release on Progress Payment in the form attached as **Exhibit I** to the extent of the application for payment, (c) Unconditional Waiver & Release of Progress Payment in the form attached as **Exhibit J** to the extent of all payments received, and (d) all other documentation required by the Subcontract or reasonably required by Contractor.

6.5. Progress payments to Subcontractor shall not be due and payable until all items specified in Section 6.4 have been uploaded to the Payment Management System. In the event, Subcontractor fails to upload all items specified in Section 6.4 to the Payment Management System before the then open pay period closes, Subcontractor shall not have another opportunity to apply for payment until the following pay period opens.

6.6. If payments are made to Subcontractor on account of Work not incorporated in the Project, but delivered and suitably stored at the Site, such payments shall constitute transfer of title to Contractor of such Work but shall not in any way relieve Subcontractor of the risk of loss for such Work.

6.7. Final payment, constituting the entire balance of the Subcontract Price and retainage, shall not be due and payable until all conditions precedent listed below have been satisfied:

- (a) Subcontractor has fully performed all Work, included any punch list work, and fulfilled all obligations under the Contract;
- (b) All approvals applicable to the Work by any Governmental Authorities have been issued;
- (c) Subcontractor's temporary facilities, tools, equipment, forms, and similar items have been removed from the Site;
- (d) Subcontractor has provided all warranty, maintenance, and user manuals and documentation applicable to the Work; and
- (e) To the extent required by the Contract, Subcontractor has provided all as-built drawings applicable to the Work.

6.8. With respect to final payment, Subcontractor shall upload to the Payment Management System all duly executed and notarized forms of waiver and release required by the Payment Management System as well as duly executed and notarized copies of the following documents for Subcontractor and for any Agent of Subcontractor (to the extent applicable): (a) Subcontractor's application for payment, (b) Conditional Waiver & Release on Final Payment in the form attached as **Exhibit K** for the full amount of the application for final payment and retainage, (c) Unconditional Waiver & Release of Final Payment in the form attached as **Exhibit L** to the extent of all payments received, and (d) all other documentation required by the Subcontract or reasonably required by Contractor.

6.9. Final payment shall not be due and payable until all items specified in Section 6.8 have been uploaded to the Payment Management System. In the event, Subcontractor fails to upload all items specified in Section 6.8 to the Payment Management System before the then open pay period closes, Subcontractor shall not have another opportunity to apply for payment until the following pay period opens.

6.10. Provided Subcontractor has submitted a proper application for payment and all required documentation to the Payment Management System, and further provided, with respect to final payment, that Subcontractor has satisfied all conditions precedent to final payment, Contractor shall make payment to Subcontractor on the earlier of (a) fifteen (15) days after Contractor receives corresponding payment from Owner or (b) sixty (60) days after Subcontractor's application for payment.

6.11. Within ten (10) days after receipt of final payment, Subcontractor shall upload to the Payment Management System all duly executed and notarized forms of waiver and release required by the Payment Management System and (to the extent applicable) a duly executed and notarized Unconditional Waiver & Release on Final Payment in the form attached as **Exhibit L**, executed by Subcontractor and by Subcontractor's Agents for the full amount of the final payment and retainage.

6.12. Subcontractor agrees that all payments received shall be used solely for the benefit of Subcontractor's Agents whose labor, materials, tools, equipment, and services constitute the Work for which Subcontractor is paid and that all amounts paid to Subcontractor shall immediately become and constitute trust funds for the benefit of such Persons. Subcontractor shall promptly pay in accordance with Applicable Law all of Subcontractor's Agents whose labor, materials, tools, equipment, and services constitute the Work for which Subcontractor is paid, and upon request from Contractor, furnish satisfactory evidence to verify such payment.

6.13. If Subcontractor fails to pay for any labor, services, equipment, or materials used or purchased for use in the Work, Contractor may, in its sole discretion, make payments then or thereafter due Subcontractor jointly or directly to any Agent of Subcontractor's.

6.14. In addition to retainage, Contractor may withhold from Subcontractor any amount then or thereafter due which Contractor determines is reasonably necessary to fully protect Owner and Contractor against any actual or potential Claim or Loss relating to Subcontractor's performance of the Work.

## 7. TITLE TO WORK AND PROTECTION AGAINST LIENS.

7.1. Title to all Work and risk of loss will pass to Contractor either upon incorporation into the Project or upon the receipt of payment by Subcontractor, whichever occurs first.

7.2. Subcontractor shall ensure that the Project and Site remains free and clear of all non-payment Claims (including, but not limited to, liens, security interests, encumbrances, bond Claims, unjust enrichment Claims, and other non-payment Claims arising out of Work) for which Subcontractor has been paid. If requested by Contractor, Subcontractor shall provide a bond to indemnify the Indemnified Parties and the Site against any such non-payment Claims. If Subcontractor fails to cause any such Claim to be bonded, released or discharged within fifteen

(15) days after notice from Contractor, Contractor may cause the Claim to be discharged and withhold from payments then or thereafter due Subcontractor all Losses incurred by the Indemnified Parties in connection therewith.

## 8. INSURANCE.

8.1. Contractor has retained insurance monitoring services as described in attached **Exhibit G** (Insurance Monitoring Service Overview) to maintain current insurance records for each Subcontractor working on the Project. Subcontractor shall cause all of its sub-subcontractors of any tier to (i) obtain and maintain the same insurance coverages and limits (including, but not limited to, coverage for the Additional Insureds) as Subcontractor is required to obtain and maintain under this Subcontract and (ii) comply with the same terms and conditions in this Section 8. Contractor's insurance monitoring service will be tracking Subcontractor's certificates of insurance, endorsements, and waivers of subrogation to ensure that all mandatory insurance requirements as noted in this section have been met. In addition, Contractor's insurance monitoring service will be responsible for obtaining and archiving Subcontractor's W-9 forms and performing professional license verification as applicable per state requirements. All insurance coverage Subcontractor is required to obtain under the Subcontract must be maintained for the duration of the Project and through the earlier of (a) the end of such time following the completion of the Project as will cover all Claims that may arise out of, or result from the Work or (b) the date all potential Claims arising out of or relating to the Work are time-barred under Applicable Law.

(a) Upon the Effective Date, Contractor's insurance monitoring service shall be notified that Subcontractor has contracted with Contractor on the Project. At that time, Contractor's insurance monitoring service will begin contacting Subcontractor's insurance provider requesting the documentation for the specific insurance required for the Project. Nothing in this section shall be construed to waive the obligations otherwise stated in the Contract.

(b) Subcontractor shall register with Contractor's insurance monitoring service and follow all steps required by Contractor's insurance monitoring service, which include the following: (i) provide Subcontractor's license registration, if applicable, and contact information, (ii) submit a valid W-9 form, (iii) provide insurance information including at a minimum the following: policy number, insurance agent or broker name and contact information, certificate(s) of insurance, endorsement(s), and waiver(s) of subrogation from Subcontractor's carrier(s).

(c) Prior to the earlier of (i) Subcontractor (A) submitting any application for payment, (B) delivering any materials to the Site, (C) performing of any Work; or (ii) ten (10) days after the Effective Date, Subcontractor shall obtain the insurance coverages and limits of liability as set forth in **Exhibit E** (Insurance Requirements) to this Subcontract and provide certificates of insurance and all endorsements required under this Subcontract to Contractor's insurance monitoring service. Upon Contractor's written request, Subcontractor shall provide Contractor's insurance monitoring service copies of any of the insurance policies, including certified copies of those policies, required under this Subcontract. Promptly upon Contractor's written request, Subcontractor shall provide copies of any subsequent endorsements to Contractor's insurance monitoring service. If any of the insurance coverages are required to

remain in force after delivery of the Work, an additional certificate of insurance evidencing continuation of such coverage shall be submitted with Subcontractor's final application for payment, and upon renewal of such insurance coverages during the duration of the required period of coverage.

8.2. The insurance afforded to the Additional Insureds shall be primary, and any other insurance carried by Owner, Contractor, or any other Additional Insured, shall be excess and not contributing.

8.3. Subcontractor waives all rights of recovery against the Additional Insureds which are or would be covered under the coverages specified in **Exhibit E**, including subrogation. Such waiver shall be effective as to any Person even if such Person (a) would otherwise have a duty of indemnification, contractual, or otherwise, (b) did not pay the insurance premium directly or indirectly, or (c) does not have an insurable interest in the Property damaged. Such waiver shall apply notwithstanding deductible or self-insured retention clauses, inadequacy of limits of any insurance policy, insolvency of any insurer, or limitation or exclusions of coverage. Such waiver shall include any and all rights of recovery whether based in equity, common law, or by contract. A copy of the policy endorsements confirming the coverages for the Additional Insureds and waivers of subrogation required under this Subcontract must be attached to each applicable Subcontractor's certificate of insurance, a copy of which shall be provided by Subcontractor to Contractor.

8.4. Notwithstanding the required coverage and limits of liability specified in **Exhibit E** Subcontractor shall be solely responsible for determining and obtaining the appropriate coverages and liability limits suitable for Subcontractor on the Project.

8.5. If at any time the insurance required under this Subcontract is not obtained or is cancelled, terminated, or otherwise ceases to be maintained, Contractor may, at its option, after written notice and 48 hours to cure, either terminate this Subcontract or obtain such insurance. In the event Contractor opts to obtain such insurance, Contractor may withhold the cost of such insurance from any payments due or that become due Subcontractor.

8.6. Subcontractor shall be responsible for and pay any deductibles or self-insured retentions in connection with the insurance policies and coverages required under this Subcontract.

8.7. No failure of Subcontractor to provide insurance as required under this Subcontract and no failure of Contractor to require evidence of the required insurance or to notify Subcontractor of any breach of its insurance obligations under this Subcontract shall be deemed to be a waiver by Contractor of any of the terms and conditions of this Subcontract or a waiver of Subcontractor's obligations to defend, indemnify, and hold harmless the Indemnified Parties under this Subcontract or otherwise.

8.8. None of the requirements contained herein as to types or limits of insurance coverages to be maintained by Subcontractor, are intended to, and shall not in any manner limit, qualify, or quantify the liabilities and obligations of Subcontractor under this Subcontract or Applicable Law.

8.9. Prior to the earlier of (i) Subcontractor (A) submitting any application for payment, (B) delivering any materials to the Site, (C) performing of any Work; or (ii) ten (10) days after the

Effective Date, Subcontractor shall obtain and provide to Contractor the bonds if required by municipality. Subcontractor shall purchase and maintain such bonds from a company or companies lawfully authorized to issue surety bonds in the jurisdiction where the Project is located and reasonably acceptable to Contractor. Upon the request of any Person appearing to be a potential beneficiary of bonds covering payment of obligations arising under this Subcontract, Subcontractor shall promptly furnish a copy of the bonds or Contractor shall be authorized to do so.

## 9. INDEMNITY.

9.1. To the fullest extent permitted by Applicable Law, Subcontractor shall indemnify, defend (at Subcontractor's sole cost and expense and with legal counsel satisfactory to Contractor), and hold each Indemnified Party harmless from and against any and all Claims and Losses to the extent arising out of or in any way related to (a) any Work performed by or on behalf of Subcontractor, whether or not the Work is Defective, (b) any Warranty Work performed relating to the Work, (c) Subcontractor's or its Agents' acts or omissions (negligent or otherwise), whether or not the Claim in part is caused by, arises out of, or is in any way related, directly or indirectly, to any act or omission (negligent or otherwise) of an Indemnified Party or its Agents, (d) Subcontractor's performance under the Contract, (e) any non-payment Claim described in Section 7.2, (f) Subcontractor's failure to comply with any Applicable Law pertaining to the Work, (g) Subcontractor's failure strictly to perform any of its obligations in Section 2 of this Subcontract, (h) the presence of invitees or visitors of Subcontractor at the Site, and (i) Subcontractor's material breach of any provision, obligation, covenant, or representation in the Subcontract provided, however, nothing in this section shall apply to indemnification for Claims arising from professional services, which are addressed in the next section below. Subcontractor's duty to indemnify, defend, and hold each Indemnified Party harmless under this section includes Losses incurred by any Indemnified Party, whether or not an Action is or has been commenced.

9.2. Subcontractor, to the fullest extent permitted by Law, shall indemnify and hold harmless the Indemnified Parties from and against any and all Losses to the extent caused by the negligence of Subcontractor or its Agents in the performance of professional services under this Subcontract. The absence of the duty to defend under this section shall not preclude the Indemnified Parties from recovering their reasonable attorneys' fees as part of their damages to the extent such fees are among the Losses for which Subcontractor has the obligation to provide indemnification under this section. Nothing in this section shall apply to indemnification or defense for Claims arising from matters other than the rendition of professional services, which other matters are addressed in the preceding section of this Subcontract.

9.3. Subcontractor's indemnification obligations in this Subcontract shall not be limited by the amounts or types of insurance (or the deductibles or self-insured retention amounts of such insurance) which Subcontractor is required to provide under this Subcontract. Each Indemnified Party's right to indemnification shall be independent of the Indemnified Party's rights or remedies under insurance to be provided by Subcontractor under this Subcontract.

9.4. Subcontractor's duty to defend the Indemnified Parties is entirely separate from, distinct, and independent of Subcontractor's duty to indemnify the Indemnified Parties. Subcontractor's duty to defend the Indemnified Parties applies whether or not the issue of Subcontractor's liability,

breach of the Contract, or Subcontractor's responsibility has been determined and whether or not the Indemnified Parties have paid any sums or incurred any Losses. Subcontractor's duty to defend the Indemnified Parties shall arise immediately upon Subcontractor's actual or constructive notice of a Claim against any Indemnified Party which is or might possibly be covered by Subcontractor's obligations under the Contract, whether an Action is or has been commenced. Nothing in this Subcontract shall be deemed to relieve Subcontractor of its immediate duty to defend the Indemnified Parties, as specified herein, pending a determination of the respective liabilities of Subcontractor, and the Indemnified Parties, by legal proceeding or agreement. In the event any such Claims arise or are made, asserted or threatened against the Indemnified Parties, Contractor shall have the right to withhold from any payments due or to become due to Subcontractor an amount sufficient in its judgment to defend and indemnify the Indemnified Parties from and against any and all such Claims, including legal fees and disbursements.

9.5. Notwithstanding the completed performance or termination of the Agreement, Subcontractor's obligations under this section shall extend from the Effective Date of this Subcontract until the latter of the date (a) any and all Claims are fully and finally barred by Applicable Law, (b) it is determined by final judgment or award after all appeals have been exhausted that any and all Claims have been resolved, or (c) any and all Losses incurred by the Indemnified Parties as a result of any Claims have been reimbursed.

9.6. Contractor and Subcontractor expressly intend that the provisions under this section and any other indemnity provisions in this Subcontract shall be interpreted as broadly as possible in favor of the Indemnified Parties as permitted by Applicable Law. However, Contractor and Subcontractor do not intend any indemnity provisions to violate any Applicable Law. Therefore, if any provision in this Subcontract by which Subcontractor indemnifies, defends, or holds harmless an Indemnified Party is determined to be void or unenforceable pursuant to Applicable Law, Contractor and Subcontractor agree that each such provision shall be modified so as to conform to and satisfy Applicable Law, and as modified shall be interpreted as broadly as possible in favor of the Indemnified Parties as permitted by Applicable Law.

**9.7. In the event the Project is in Arizona, the following section applies. Otherwise, this section is void and omitted from this Subcontract:**

Contractor and Subcontractor agree that Subcontractor's indemnification, hold harmless, and defense obligations extend to any act described in Section 9.1 that is caused in whole or in part, or alleged to have been caused in whole or in part, by any negligent act or omission of Subcontractor or its Agents. Notwithstanding the previous sentence, Contractor and Subcontractor agree that the indemnification provisions in this Subcontract do not require Subcontractor to indemnify, hold harmless, or defend the Indemnified Parties from or against liability for any Losses resulting from the sole negligence of an Indemnified Party.

**9.8. In the event the Project is in Colorado, the following section applies. Otherwise, this section is void and omitted from this Subcontract:**

Contractor and Subcontractor acknowledge and agree that none of the provisions in this Subcontract are intended to create an obligation for Subcontractor to indemnify for damage arising out of death or bodily injury to Persons or damage to Property to the extent caused by

the negligence or fault of the Indemnified Parties or any third party under the control or supervision of an Indemnified Party pursuant to Section 13-21-111.5 et seq. of the Colorado Revised Statutes.

**9.9. In the event the Project is in Florida, the following section applies. Otherwise, this section is void and omitted from this Subcontract:**

(a) If, notwithstanding this acknowledgment and agreement, a monetary limitation on the extent of indemnification is deemed necessary to enforce any indemnification provision contained in this Subcontract, this Subcontract shall be deemed to include a monetary limitation on the extent of the indemnification required by said provision equal to the greater of, on a per occurrence or per claim, as applicable, basis: (a) two times the Subcontract Price payable pursuant to the Subcontract or (b) the policy limits (without reduction for deductibles, self-insured retentions or attorneys' fees and costs of defense) of Subcontractor's insurance policy(ies) applicable to such Claim. Subcontractor and Contractor expressly agree that this monetary limit, to the extent it is legally required, bears a reasonable commercial relationship to this Subcontract. Subcontractor's indemnification obligations under this Subcontract shall be deemed to fully comply with Sections 725.06, Florida Statutes, to the extent applicable, including any amendments thereto, in all respects. To the greatest extent permitted by Applicable Law, Subcontractor waives for itself and Subcontractor's insurers any and all Claims that the indemnification obligations under this Subcontract violate Applicable Law.

(b) PURSUANT TO, BUT SUBJECT TO THE CONDITIONS AND LIMITATIONS OF, SECTION 558.0035, FLORIDA STATUTES, AN INDIVIDUAL EMPLOYEE OR AGENT OF SUBCONTRACTOR MAY BE NOT HELD INDIVIDUALLY LIABLE FOR NEGLIGENCE OCCURRING WITHIN THE COURSE AND SCOPE OF THIS SUBCONTRACT.

**9.10. In the event the Project is in North Carolina, the following section applies. Otherwise, this section is void and omitted from this Subcontract:**

Contractor and Subcontractor specifically agree that Subcontractor's obligations hereunder apply only to the extent that the fault of Subcontractor or its Agents is a proximate cause of the loss, damage, or expense indemnified. Notwithstanding anything to the contrary herein, Subcontractor is not required to indemnify the Indemnified Parties against liability for damages arising out of bodily injury or damage to Property proximately caused by the negligence, in whole or part, of the Indemnified Parties. The Parties are aware of and acknowledge the application of North Carolina General Statute § 22B-1. In accordance with Section 9.6 above, all indemnity provisions herein should be interpreted to comply with the statute. No indemnity obligation herein is intended to extend beyond the limits of permissible indemnities under that statute.

**9.11. In the event the Project is in South Carolina, the following section applies. Otherwise, this section is void and omitted from this Subcontract:**

Contractor and Subcontractor specifically agree that Subcontractor's indemnification, hold harmless, and defense obligations under this Subcontract extend to any act described in

Section 9.1 that is caused in whole or in part, or alleged to have been caused in whole or in part, by any negligent act or omission of Subcontractor or its Agents, regardless of whether any of the Losses at issue were caused in part by the concurrent or partial negligence of any of the Indemnified Parties. However, notwithstanding the previous sentence or anything to the contrary contained within this Section 9 or otherwise within this Subcontract, Contractor and Subcontractor agree that the indemnification provisions in this Subcontract do not require Subcontractor to indemnify, hold harmless, or defend (or further defend, as applicable) the Indemnified Parties from or against liability for any Losses to the extent (and only to the extent) that it is found by an arbitrator or court with valid jurisdiction (in a final, non-appealable award, judgment, or order) that the Losses at issue were proximately caused by or resulted from the sole negligence of the Indemnified Parties.

**9.12. In the event the Project is in Tennessee, the following section applies. Otherwise, this section is void and omitted from this Subcontract:**

Notwithstanding any provision in this Subcontract, pursuant to Tenn. Code Ann. §62-6-123, no covenant, promise, agreement, understanding, or provision in this Subcontract is intended to indemnify or hold harmless any Indemnified Party against liability for damages arising out of bodily injury to Persons or damage to Property caused by or resulting from the sole negligence of that or another Indemnified Party, or its Agents.

**9.13. In the event the Project is in Texas, the following section applies. Otherwise, this section is void and omitted from this Subcontract:**

Contractor and Subcontractor agree that none of the provisions in this Subcontract are intended to create an obligation for Subcontractor to indemnify or hold harmless the Indemnified Parties from liability for damage that is caused by, or results from the negligence of an Indemnified Party, pursuant to Texas Civil Practice and Remedies Code, § 130 et seq., or for Subcontractor to indemnify, hold harmless, or defend an Indemnified Party or a third party, against a Claim caused by the negligence or fault of an Indemnified Party, its Agent, or any third party under the control or supervision of the Indemnified Party, other than Subcontractor or its Agents, pursuant to Texas Insurance Code § 151 et seq.

## **10. TERMINATION.**

10.1. If Owner suspends or terminates work on the Project or terminates Contractor, whether with or without cause, Contractor shall be entitled to terminate this Subcontract upon written notice to Subcontractor. In which event, Subcontractor's sole and exclusive remedy shall be payment for Work properly completed prior to such termination.

10.2. Contractor may at any time and for any reason terminate this Subcontract at Contractor's convenience by written notice to Subcontractor. Upon receipt of such notice, Subcontractor shall, unless the notice directs otherwise, immediately discontinue providing the Work and shall, if requested, make every reasonable effort to procure cancellation of all existing orders or contracts upon terms satisfactory to Contractor, or at Contractor's option, give Contractor the right to assume those obligations directly, including all benefits to be derived therefrom. Upon such termination, and subject to Contractor's other rights of offset set forth in the Subcontract, Subcontractor shall

be entitled to payment only for (a) the Work performed in conformity with the Contract Documents and (b) such other costs actually incurred by Subcontractor in connection with the termination. Subcontractor shall not be entitled to any additional compensation or damages in the event of such termination, including payment for Work not delivered, lost profits, or consequential damages.

## 11. DEFAULT AND REMEDIES.

11.1. Subcontractor shall be in material breach of this Subcontract if Subcontractor at any time commits any of the following (each, an "Event of Default"):

- (a) Failing to timely submit any Submittal;
- (b) Failing to timely perform any Work in accordance with the Contract and **Exhibit C** Construction Schedule as modified time to time by the Contractor;
- (c) Performing Defective or Nonconforming Work or failing to timely perform Warranty Work;
- (d) Causing delay or disruption in the work of Contractor or its Agents;
- (e) Failing to promptly pay any Agent of Subcontractor's for materials, services, equipment, or labor used or purchased for use in the Work;
- (f) Failing to remove any Claim filed against the Work, Project, or Site to the extent Subcontractor has been paid for the Work covered under such Claim;
- (g) Failing to promptly comply with any directive from Contractor which Contractor is permitted to give under this Subcontract or which is otherwise reasonable under the circumstances;
- (h) Giving Contractor a reasonable basis to doubt that the Work will be timely performed in accordance with the Contract;
- (i) Failing to obtain or maintain any bond or insurance in accordance with this Subcontract;
- (j) Causing damage to any Property or injury to any Person on or at the Site;
- (k) Failing to cure, discharge, or pay any fine, penalty, or violation applicable to the Work levied by any Governmental Authority;
- (l) Making any representation or warranty to Contractor, whether herein or otherwise, that was at the time or later becomes false;
- (m) Filing a voluntary petition for bankruptcy protection, being the subject of an involuntary petition for bankruptcy, being the subject of receivership proceedings, making an assignment of assets for the benefit of creditors, becoming insolvent, or being unable to pay obligations as they mature;

(n) Failing strictly to perform all of Subcontractor's obligations under Section 2 or 2 of this Subcontract;

(o) Failing to timely perform any other agreement, covenant, or obligation set forth in the Contract;

(p) Committing a material breach of any other contract between Contractor and Subcontractor, whether related to the Project or otherwise.

11.2. Upon the occurrence of an Event of Default, and after written notice and forty-eight (48) hours to cure, Contractor may, at Contractor's option, and without limitation to any other remedies available under Applicable Law, take one or more of the following actions:

(a) Order Subcontractor to stop the Work, or any portion thereof, until Subcontractor rectifies the cause for such order;

(b) Withhold any retainage or other sums due or that become due Subcontractor under this Subcontract or any other contract between Contractor and Subcontractor, whether related to the Project or otherwise, and offset and apply such sums against any amounts due Contractor under this Subcontract or any other contract between Contractor and Subcontractor, whether related to the Project or otherwise;

(c) Cure such Event of Default and deduct the cost thereof plus 15% from any sums due or that become due Subcontractor, which reflects the reasonable allowance for Contractor's administrative burden in curing any such Event of Default;

(d) Terminate this Subcontract, in which case all contracts, whether written or oral, between Subcontractor and any of its Agents providing labor, material, or equipment pertaining to the Work shall be deemed assigned to Contractor, subject to written notice from Contractor accepting such assignment; or

(e) Take possession of the Work, in which case, if the unpaid portion of the amount to be paid under this Subcontract for such Work exceeds the Losses sustained by Contractor in completing the Subcontract or as a result of Subcontractor's default, such excess shall be paid to Subcontractor, but if such Losses exceed such unpaid portion, Subcontractor shall pay the difference to Contractor immediately upon demand.

11.3. Contractor's remedies are cumulative, and the exercise of one remedy shall not restrict Contractor, at the same time or thereafter, from exercising any other remedy set forth herein or provided by Applicable Law.

11.4. In the event Contractor terminates this Subcontract pursuant to Section 11.2(d) and such termination later is determined to be wrongful, such termination shall be automatically converted to and treated as a termination for convenience pursuant to Section 10.2.

## 12. DISPUTE RESOLUTION.

12.1. To the extent Contractor is bound by a dispute-resolution procedure with any Person with whom Contractor has a dispute relating to the Work, Subcontractor, at Contractor's option, shall be similarly bound. Otherwise, Contractor and Subcontractor agree that all Claims, disputes, or other matters in controversy between Contractor and Subcontractor, including those arising out of or relating to the Work or the Subcontract shall be resolved through binding arbitration in accordance with the then-most current edition of the Construction Industry Arbitration Rules of the American Arbitration Association. Unless otherwise required under this Subcontract, the exclusive locale for any arbitration hearing relating to this Subcontract shall be in the state and county where the Project is located. Judgment upon the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof. Contractor and Subcontractor agree that any demand for arbitration shall be filed prior to the date the Claims in the arbitration would be time-barred by any statute of limitations, statute "of repose, or equitable principles under Applicable Law if filed in court. To the extent that a demand is filed which includes Claims in violation of the foregoing, the Parties consent and agree that the arbitrator(s) shall have the authority to dismiss any such Claims in the arbitration forum in the same or similar manner(s) in which such Claims would be subject to dismissal if filed in the courts of the state of the arbitration. Subcontractor further consents and agrees (a) to be joined in any proceeding to which Contractor is a party in which the Work or Subcontractor's performance under the Subcontract is an issue and (b) that any dispute between Contractor and Subcontractor may be consolidated with any other proceeding to which Contractor is a party and which involves a common question of law and fact.

12.2. The Parties agree that any dispute between them shall not interfere with their continued performance under this Subcontract pending resolution of the Claim, arbitration, or litigation.

12.3. In the event of any dispute between the Parties arising out of or relating to the Contract, including the breach, enforcement, or interpretation hereof, the arbitrator is authorized to and shall award the substantially prevailing Party all reasonable attorneys' fees, reasonable fees of experts, consultants, and other professionals and all other litigation or arbitration fees, costs, and expenses.

**12.4. In the event the Project is in Arizona, this section applies. Otherwise, this section is void and omitted from this Subcontract:**

(a) The determination of "prevailing Party" and award of attorneys' fees shall be made without reference to Ariz. Rev. Stat. § 12-341.01.

**12.5. In the event the Project is in Florida, this section applies. Otherwise, this section is void and omitted from this Subcontract:**

(a) EXCEPT AS PROVIDED IN SECTION 9.9 HEREOF, THE PARTIES EXPRESSLY AGREE THAT THE PROVISIONS OF CHAPTER 558, FLORIDA STATUTES, SHALL NOT APPLY TO THIS SUBCONTRACT OR ANY DISPUTE RELATING TO IT OR THE PROJECT.

**12.6. In the event the Project is in South Carolina, this section applies. Otherwise, this section is void and omitted from this Subcontract:**

(a) The determination of “substantially prevailing Party” and the award of attorneys’ fees, costs, and expenses set forth in Section 12.2 shall be made without reference to S.C. Code Ann. § 15-37-20.

(b) The Parties expressly agree that the provisions of Article 3, Chapter 11, Title 40 and Article 5, Chapter 59, Title 40 of the South Carolina Code of Laws shall not apply to this Subcontract or any dispute relating to it or the Project.

### 13. DEFINITIONS.

For the purposes of this Subcontract, the following terms shall have the following meanings:

13.1. **“Abnormal Weather”** means, and is limited to, the number of scheduled work days during a calendar month on which Work on the critical path cannot be performed as a result of Adverse Weather Events that exceed the number of Adverse Weather Events which are expected to be encountered at the Site during that month.

13.2. **“Action”** means a lawsuit, petition, action, legal proceeding, administrative proceeding, or arbitration, whether asserted formally or informally by way of pleadings, petition, complaint, counterclaim, cross-claim, demand for arbitration or otherwise in any forum, including matters brought or asserted in trial courts, arbitration proceedings, bankruptcy courts and appellate courts.

13.3. **“Additional Insureds”** means those Persons identified in **Exhibit E**.

13.4. **“Adverse Weather Event”** means those work days that meet any of the following: (a) precipitation in excess of one-half inch, as measured by the precipitation gauge kept on Site, or by the nearest NOAA station, (b) conditions on the Site such as mud, pooling of water, ice, or standing snow after the actual precipitation day that prevents the performance of Work activities, (c) temperatures on Site measuring (i) less than 35°F or below product specification temperature constraints or (ii) in excess of 105°F, (d) wet building surfaces that would present a safety hazard (e.g., welding, roofing), or (e) wind speeds exceeding those permissible to use equipment or perform tasks safely (e.g., use of cranes).

13.5. **“Affiliates”** means each entity controlling or under common control with the subject Person, the parent of the subject Person, the subsidiaries of the subject Person, and any entity controlled by or under common control with any of the foregoing, whether in the form of a partnership, limited partnership, corporation, business trust, joint stock company, joint venture or otherwise. For purposes of this definition, “control” with respect to the subject Person shall mean the ability to effectively control, directly or indirectly, or share common control of, the operations and business decisions of such Person whether by voting of securities or partnership interests or any other method.

13.6. **“Agents”** means the subcontractors, sub-subcontractors, suppliers, and laborers, and their respective partners, joint-venturers, members, shareholders, managers, directors, officers, employees, servants, agents, and representatives of a Person.

13.7. “**Applicable Law**” means applicable laws, statutes, ordinances, codes, rules, regulations, and lawful orders of any Governmental Authority; including, but not limited to, all (a) building codes, (b) Safety Requirements, (c) equal opportunity requirements, (d) social security, unemployment, and workers’ compensation requirements, (e) Environmental Laws, (f) immigration laws, and (g) licensing laws and regulations.

13.8. “**Architect**” means the Project architect.

13.9. “**Change Order**” means a written instrument signed by Contractor and Subcontractor stating their agreement to (a) a change in the Work, (b) an adjustment, if any, in the Subcontract Price, or (c) any change in the Contract Documents which the Subcontract requires to be in writing.

13.10. “**Claim**” means any claim, dispute, assertion, complaint, demand, or lien, whether or not an Action has been or is commenced.

13.11. “**Contract Documents**” means the following: (a) the Schedule, (b) Prime Contract, (c) approved plans, drawings, specifications, and approved Submittals, (d) engineering reports, and (e) applicable or relevant published trade standards, whether or not referenced in any other Contract Document. In the event of a conflict between parts of the Contract Documents other than a conflict relating to the quality or quantity of the Work, the following order of precedence shall control: (1) Change Order(s) issued after execution of this Agreement; (2) the language of the Agreement; (3) the Prime Contract; (4) plans having specified dimensions; (5) plans having scaled dimensions; (6) specifications; (7) approved Submittals; (8) engineering reports; and (9) applicable or relevant published trade standards. In the event of inconsistencies within or between parts of the Contract Documents relating to the quantity or quality of the Work, the Subcontractor shall, without an increase in the Subcontract Price or Subcontract Time, provide the better quality or greater quantity of Work.

13.12. “**Defective**” shall have the meaning ascribed in Section 4.1.

13.13 “**Environmental Laws**” means all present and future Applicable Laws pertaining to the environmental and ecological condition of the Project and the rules and regulations of the Federal Environmental Protection Agency and any other Governmental Authority having jurisdiction over the Project.

13.14. “**Governmental Authority**” means any government or political subdivision, whether federal, state, local or foreign, or any agency or instrumentality of any such government or political subdivision, or any federal, state, local or foreign court or arbitrator.

13.15. “**Hazardous Substances**” means those substances included within the definitions of “hazardous substances,” “hazardous materials,” “toxic substances,” or “solid waste” under Environmental Laws.

13.16. “**Indemnified Party**” means Owner, Contractor, their Affiliates, and their respective Agents, successors, and assigns.

13.17. “**Instruments of Service**” shall have the meaning ascribed in Section 1.7(c).

13.18. “**Safety Data Sheet**” are safety data sheets required by OSHA to communicate the hazards of hazardous chemical products.

13.19. “**Nonconformity**” or “**Nonconforming**” means a defect in any Work or the failure of any Work or Warranty Work to conform to the Contract Documents, requirements of Applicable Law, industry customs and/or standards of care, or any other requirement of the Contract.

13.20. “**Losses**” means all damages (including actual, direct, indirect and consequential damages), judgments, court costs, settlements, fines, penalties, responsibilities, obligations, losses, liabilities, costs, expenses, disbursements, fees, reasonable in-house and outside attorneys’ fees, reasonable fees of experts, consultants, and other professionals, salaries of Contractor’s personnel, and Contractor’s home-office and field overhead costs and expenses.

13.21. “**Owner**” means the owner of the Project.

13.22. “**Party**” means either Contractor or Subcontractor, as the context permits or requires.

13.23. “**Person**” means a natural person, corporation, partnership, limited liability company, trust, unincorporated association, joint venture, or any other legal entity.

13.24. “**Prime Contract**” means the contract between Owner and Contractor for Contractor’s work on the Project.

13.25. “**Property**” means real property, personal property, or both, as the context permits or requires

13.26. “**Safety Requirements**” shall have the meaning ascribed in Section 2.1.

13.27 “**Schedule**” means the schedule of construction activities for completion of the Project, including, but not limited to, substantial and final completion of the Work, which may be revised by Contractor from time to time in Contractor’s sole judgment.

13.28. “**Site**” means the Property on which the Project is located, as specified in the Subcontract.

13.29. “**Subcontract**” has the meaning ascribed on the first page of this Subcontract.

13.30. “**Subcontract Time**” means the amount of time specified in the Schedule within which Subcontractor shall substantially complete the Work.

13.31. “**Submittal**” means (a) drawings, calculations, specifications, certifications submitted in accordance with Section 1.6, (b) a shop drawing, photograph, diagram, illustration, standard schedule, performance chart, instruction, brochure, and other data that depict or illustrates some portion of the Work and (c) physical exemplar that illustrates materials, equipment, workmanship, and standards by which the Work will be judged.

13.32. “**Warranty Period**” means, as applicable, (a) the one (1) year period after substantial completion of the entire Project or (b) the period of any express warranty given by Subcontractor or the manufacturer of any materials, equipment, appliances or machinery incorporated into the Work; provided however, that if the Warranty Period begins on an earlier date under the Contract Documents with respect to the Work because of early occupancy by Owner, such earlier date shall apply. The Subcontractor shall warrant all repairs for one (1) year from date of repair.

13.33. “**Warranty Work**” means all work required to fully inspect, correct, and cure any Defective condition in the Work.

#### **14. MISCELLANEOUS.**

14.1. The terms such as “hereof,” “herein,” “hereto,” “hereinafter,” and other terms of like import are not limited in applicability to the specific provision within which such references are set forth but instead refer to this Subcontract taken as a whole. The word “include,” “includes,” and “including” when used in this Subcontract shall be deemed to be followed by the words “without limitation.” Unless otherwise specified herein, the specific enumeration of items shall not be limiting but shall be deemed to be without limitation.

14.2. Unless otherwise specified herein, references to a “month” shall mean a calendar month, and references to a “day” shall mean a calendar day.

14.3. All headings or captions contained in this Subcontract are for convenience of reference only, do not form a part of this Subcontract, and shall not affect or control in any way the meaning or interpretation of this Subcontract.

14.4. The Parties have participated jointly in the negotiation and drafting of this Subcontract. Any rule of construction or interpretation otherwise requiring this Subcontract to be construed or interpreted against any Party by virtue of the drafting of this Subcontract shall not apply to the construction and interpretation hereof.

14.5. All notices required or permitted hereunder shall be made in writing by (a) personal delivery, (b) email with confirmation of delivery, (c) overnight delivery by a nationally recognized delivery carrier, or (d) certified mail, return receipt requested. Notice shall be delivered to the receiving Party’s Project Representative at the address in the Subcontract or such other name and address as either Party may designate by like notice. All notices shall be deemed given when delivered in person or made by email, on the following business day when delivered by overnight delivery, and three (3) days after deposit in the U.S. mail.

14.6. Subcontractor shall not assign this Subcontract without the prior written consent of Contractor. Contractor may, at Contractor’s option, terminate this Subcontract in the event of such an assignment. Notwithstanding anything herein to the contrary, under no circumstances shall any valid assignment of accounts receivable, whether expressly approved by Contractor or by operation of Applicable Law, have priority over payment responsibilities to any supplier, mechanic, materialman, or laborer of Subcontractor’s. Assignees who take an interest in this Subcontract as collateral agree that they shall be paid, after proper notice and presentment under Applicable Law, only after all suppliers, mechanics, materialmen, and laborers of Subcontractor’s

have been paid, and any Losses of the Indemnified Parties have been satisfied, and further agree to repay to Contractor upon demand any amount received in violation of this Subcontract.

14.7. A reference to any Party to this Subcontract or to any party to any other agreement or document shall include such party's successors and permitted assigns.

14.8. The status of Subcontractor pursuant to this Subcontract is that of an independent contractor. Subcontractor shall not be controlled by Contractor as to the specific details or manner of Subcontractor's business, it being understood that the primary interest of Contractor is the result achieved by Subcontractor. Subcontractor's business is separate and apart from that of Contractor, and it is of the essence of this Subcontract that Subcontractor is an independent business. Any contrary, final determination by any Governmental Authority shall entitle either Party to cancel this Subcontract. Neither Subcontractor nor any of its Agents shall be considered or deemed in any way to be agents of Contractor, and neither Party has the right nor power, express or implied, to do any act or thing that would bind the other, except as herein specifically provided. The Parties do not intend to act as joint employers, joint venturers, or in any other legal capacity other than separate and distinct businesses acting pursuant to the terms of this Subcontract. Furthermore, none of the benefits provided by Contractor to its employees is available from Contractor to Subcontractor or to Subcontractor's Agents, except as required by Applicable Law. Subcontractor will be solely and entirely responsible for its acts and for the acts of its Agents during the performance of this Subcontract and will save and hold Contractor harmless from any and all damages which may arise therefrom, including attorneys' fees.

14.9. Except as otherwise specified herein, this Subcontract is solely for the benefit of the Parties.

14.10. This Subcontract and applicable portions of the Contract Documents form the entire agreement between the Parties with respect to the subject matter of this Subcontract. Subcontractor is not relying on any representations, statements, or information relating to the subject matter of this Subcontract, except as set forth in this Subcontract. For the avoidance of doubt, correspondence and communications between the Parties not constituting the Contract Documents or express amendments thereto shall not be a part of the Subcontract and shall not affect the Parties' rights and obligations hereunder. This Subcontract shall govern the subject matter of the Contract, and any different, conflicting, or additional terms or conditions in any exhibit, purchase order, invoice, or other writing or communication from Subcontractor shall be of no force or effect unless it shall both (a) constitute a waiver, modification, or amendment of the Contract, duly made in accordance with this Subcontract and (b) be contained in a written instrument, separately signed by the Parties and specifically providing that it is intended to be an amendment to the Subcontract. In the event of a conflict between a state-law specific provision of this Subcontract and the other provisions of this Subcontract, the state-law specific provision shall control.

14.11. The Contract, including specifically this Section 14.11, may not be modified or amended except in a writing signed by the Parties. To the extent Applicable Law gives either Party a right to assert that any provision in the Subcontract was rescinded, modified, amended, or waived by a subsequent oral agreement, the Parties fully waive that right.

14.12. Except as expressly set forth herein, a delay by either Party in exercising any right or remedy under the Contract, and a course of dealing by the Parties contrary to this Subcontract,

shall not constitute a waiver of any right, remedy, obligation, covenant, or provision in the Subcontract. No right, remedy, obligation, covenant, or provision in the Subcontract shall be waived except in a writing signed by the Parties.

14.13. This Subcontract shall be governed by the laws of the state in which the Project is located without reference to its conflicts of law rules, except that the Parties' agreement to arbitrate shall be governed by the Federal Arbitration Act, the Parties agreeing that the transactions contemplated hereunder will have an effect on interstate commerce.

14.14. In case any one or more of the provisions contained in the Subcontract is for any reason held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision of the Contract, and such invalid, illegal, or unenforceable provision shall be reformed and construed so that it will be valid, legal, and enforceable to the maximum extent permitted by Applicable Law.

14.15. This Subcontract may be signed in counterparts, each of which when executed and delivered shall be an original, but all such counterparts shall constitute one and the same instrument. The signature of either Party on an emailed PDF scanned version of this Subcontract or a copy of this Subcontract shall be considered to have the same binding legal effect as if it were originally signed. At the request of either Party, any copy of this Subcontract shall be re-executed by both Parties in original form.

END.

# EXHIBIT “A”

## SCOPE OF WORK

---

It is further understood and agreed that included in the agreement price, but not limited to, are the following:

1. All work must be completed in a manner which is acceptable to the owner, Contractor and/or any governmental agencies having jurisdiction over this work or this project. This subcontract is intended to be a complete turn-key agreement. This subcontract is inclusive of all items necessary to complete this scope of work for this project in its entirety. As applicable, all scope related items and notes shown within the contract documents, as well as any additional items required by the city, county, state, or other governing agencies, which pertain to this scope of work shall be considered to be included in this subcontract.
2. Subcontract is a lump sum contract.
3. Any and all escalation costs applicable to all labor and materials necessary for the completion of this work throughout the end of the project are included.
4. Subcontract shall be fully executed and returned to Contractor's main office within ten (10) days of receipt and prior to mobilization. If not, subcontract may be rescinded.
5. **Contractor's Insurance Monitoring Service:** Subcontractor shall register with Contractor's insurance monitoring service and provide the required insurance, additional insured endorsements and waivers of subrogation under Article 10.0 of this Agreement, including Insurance Requirements (Exhibit). Subcontractor shall further provide all insurance documents required under Article 10, including Insurance Requirements (Exhibit), to Contractor's insurance monitoring service pursuant to Section 10.8, including but not limited to a W9 and trade license (if applicable). Also, see Insurance Monitoring Service Overview (Exhibit).
6. Subcontractor understands and agrees that progress payments will be withheld should the Subcontractor fail to provide the proper documentation as required by Contractor. Examples of this documentation include, but are not limited to, current insurance, MSDS sheets, current lien waivers (including those from material suppliers if required), executed subcontract documents, maintenance manuals, warranties, etc.
7. **Contractor's Payment Management System:** All applications for payment and all supporting documents, including by not limited to Lien Waivers, Sworn Statements, Supplier Waivers, etc., for Subcontractor and its sub-subcontractors and suppliers, shall be in electronic format and shall be submitted to Contractor no later than the 20<sup>th</sup> of the month using the Contractor's payment management system. Subcontractor shall be responsible for all fees and costs owed, associated with Subcontractor's use of Contractor's payment management system. Subcontractor shall include a similar provision in its sub-subcontracts and purchase orders. See Payment Management System Overview (Exhibit).
8. **Procore.com** - Project Management Software - This project will utilize Procore's ([www.procore.com](http://www.procore.com)) project management and collaboration system for all project documentation. Subcontractor will provide a list of applicable team members be invited to access the project in Procore. This Subcontractor will be expected to use Procore to obtain drawings, sketches, project schedule, RFIs, meeting minutes, coordination drawings, change information, enter daily reports, access and comment on Observations and Punch List items. It

# EXHIBIT “A”

## SCOPE OF WORK

---

is the responsibility of this Subcontractor to regularly check and review updated documents as they are added. Applicable team members of this Professional are requested to complete a free, two-hour subcontractor training certification course located at <https://education.procore.com/procore-certification-subcontractor-as-collaborator> within (2) two weeks following contract execution. There will be no cost to this Vendor for use of Procore. Subcontractor must have at least one team member with the use of the mobile versions of the Procore App while performing any work on-site. Subcontractor is required to use the Procore App to submit a daily report to include inspections, man counts, work performed and incidents. The use of Procore will provide real-time access to currently posted drawings, specifications, RFIs, submittals, project documents, as well as any deficient observations or punch list items.

9. Subcontractor and its employees shall park in the designated area as directed by Contractor's superintendent. Failure to comply may result in towing the vehicle at the expense of the vehicle owner or a fine levied by the Contractor.
10. Daily reports are required to be completed daily in Procore. The requirements for the report shall be as directed by the Contractor's superintendent.
11. Subcontractor will give special attention to the limits of construction and secondary natural areas to ensure that no damage is sustained to the adjacent property, trees, and other resources in these areas. Any damage sustained to these areas will be corrected at the Subcontractor's expense.
12. Subcontractor will call for location(s) of all utilities prior to any excavation and accept responsibility for damage to the other trades and/or utilities and make full restitution for damages and repairs.
13. Subcontractor will pay any re-staking necessary due to Subcontractor's negligence.
14. Subcontractor will maintain, repair or replace at its expense any silt fence or other SWPPP device damaged or removed during the installation of its scope of work.
15. Hard hats, safety glasses, long pants, shirts with sleeves, and work boots are required at all times. NO EXCEPTIONS. In addition, Subcontractor is responsible for any additional personal protection equipment (PPE) as it pertains to their scope. This includes, but is not limited to, fall protection, approved masks and fire extinguishers.
16. All workers are required to attend Embrey's safety orientation prior to performing any work on the project. This includes Subcontractor's employees, 2<sup>nd</sup> tier subs and their employees. No exceptions. Workers will be issued numbered safety stickers for their hardhats that identify them as one who has complied with this requirement. Any person on site without this identifying sticker can be removed from the property.
17. Subcontractor shall have a qualified representative at weekly safety/foreman meetings while mobilized. Failure to attend may result in fiscal impact up to \$250 per meeting missed.
18. Subcontractor will immediately reinstall any temporary safety guard rails at patios, balconies, or any other openings taken down to install his scope of work.

# EXHIBIT “A”

## SCOPE OF WORK

---

19. Subcontractor will keep adjacent public roadways free of earth and debris daily for this scope of work. Plus provide a flagman as required for forklifts or material delivery.
20. The use of any illegal drugs or consumption of any alcoholic beverages on this project site will not be tolerated. All personnel found to be using, in possession of, or found to be under the influence of these substances will be escorted off the site by the Contractor and will not be allowed to return to any Embrey project. Subcontractor must replace removed personnel with other qualified personnel. Repeated violations may result in cancellation of this agreement.
21. Smoking is not permitted anywhere on the premises except in the area(s) designated by Contractor. No exceptions. Workers who fail to comply with this requirement will be removed from the site.
22. Subcontractors who perform welding, use torches or any other tool or device that has an open flame or could cause a fire are required to obtain a “Hot Work” permit from the Contractor prior to performing this work. No exceptions. Hot Work permits are trade, area and date specific. The permits must be issued and returned each day that this work or activity is being performed. In addition to the permit each day, the worker(s) will be required to have fire extinguishers present and a designated person to perform fire watch during and 30 minutes after the work. All hot work to be noted on Procore Daily Log.
23. All Embrey properties are gun and weapon free zones. All weapons, including licensed concealed firearms are prohibited on the premises. Violators could be immediately and permanently removed from the property and will face criminal penalties.
24. Workers are required to eat and consume beverages only in areas designated by Contractor.
25. It is this Subcontractor's responsibility to dispose of all generated construction debris related to Subcontractor's scope of work at the area/dumpster designated by the Contractor on a daily basis.
26. The Contractor's superintendent, may require Subcontractor to provide one to two laborers every Friday, for general cleanup while onsite. **labor can be provided at cost \$45/h**
27. Cleanup to the satisfaction of the owner/contractor all dirt, grease marks, etc. from wall, ceilings, floors, fixtures, concrete that is caused by this Subcontractor. This includes power washing if necessary and repair of any damage caused by power washing.
28. Subcontractor is aware the concrete surface of the stairs, corridors and patios is the finish flooring and will take the utmost care to prevent marring, staining or chipping or other damage while installing adjacent work.
29. Subcontractor shall provide an onsite English-speaking foreman, approved by Contractor or Contractor's Superintendent, while Subcontractor's work is being performed. Subcontractor's foreman is responsible for, but not limited to, inspecting the quality of its tradesman's work, scheduling work with Contractor's superintendent, worker's safety, and inspecting areas prior to commencement of work and reporting, in writing, all deficiencies to Contractor's superintendent.

# **EXHIBIT “A”**

## **SCOPE OF WORK**

---

30. Contractor shall reserve the right to approve or disapprove the Subcontractor's selection of their field superintendent and/or project manager. Contractor may express these rights at any time throughout the duration of the subcontract agreement.
31. Subcontractor shall supply an adequate workforce thoroughly trained to complete the scope of work defined within a timeframe and schedule specified by Contractor or the owner representative. In addition, the Subcontractor shall be responsible for supplying an appropriate amount of material and equipment required to complete the scope of work defined within a timeframe and schedule specified by Contractor or the owner representative. Subcontractor's superintendent, foreman, and/or project manager shall attend a pre-construction meeting with Contractor's superintendent prior to beginning construction to discuss the Subcontractor's scope of work, schedule and various safety issues.
32. Subcontractor's foreman will inspect his work at each stage of completion and correct any deficiencies prior to Contractor's superintendent's walk for punch items. Subcontractor is responsible for correcting any deficiencies noted on a punch list within 48 hours of being posted or notified. All work shall be done to the complete satisfaction of the Contractor and owner. Failure to complete requested punch work within 48 hours may result in a deductive change order for punch work.
33. Subcontractor to coordinate with Contractor's superintendent for all inspections/testing related to this scope of work. Inspection requests for Subcontractor child permits shall be the sole responsibility of Subcontractor. In jurisdictions where combination inspections are permitted, Contractor will schedule and provide notice to Subcontractor.
34. Subcontractor shall work only in areas designated by the Contractor to allow other Subcontractors to begin work as soon as possible. It is critical that the Subcontractor follows the job schedule and sequence of events as directed by the Contractor's superintendent.
35. Existing work shall be visually inspected by Subcontractor prior to commencing work. Subcontractor shall not commence work until deficiencies and other conditions that would adversely affect performance or installation have been corrected. Subcontractor shall inform the Contractor immediately of any deficiencies. Start of work constitutes acceptance of existing conditions.
36. Subcontractor shall cooperate with other Subcontractors on the project. Subcontractor shall obtain the necessary details of other Subcontractor's work in order to insure proper fit and coordination. Any expense due to the failure of this Subcontractor to do so shall be paid in full by the Subcontractor. Subcontractor shall abide by all governing codes and ordinances applicable to this segment of the work.
37. Drawings are intended to show the general arrangement, design and extent of the work, and are partly diagrammatic; they are not intended to be scaled for roughing in measurement, or to serve as shop drawings.
38. Subcontractor is responsible for all detailing work, confirmation of all required material quantities and dimensions, and compliance.

# **EXHIBIT “A”**

## **SCOPE OF WORK**

---

39. Subcontractor agrees that his work is to follow a logical sequence defined within the construction schedule; however, from time to time and at no additional cost to Contractor, the Contractor may require the Subcontractor to perform Subcontractor's work out of sequence for the overall benefit of the project.
40. Subcontractor shall allow sufficient time, as determined by the Contractor, between each phase of his work to allow for other phases of work to be properly completed as required.
41. Subcontractor is responsible for the coordination of all applicable contract documents, i.e. cross reference all drawings and specifications. Subcontractor to notify Contractor in writing of any and all plan discrepancies.
42. In the event of inconsistencies within or between parts of the contract documents, or between the contract document and applicable standard, codes, and ordinances, the Subcontractor shall (i) provide the better quality or greater quantity of work or (ii) comply with the more stringent requirement; either or both in accordance with the architect's interpretation at no extra cost to the owner or Contractor.
43. It is the responsibility of this Subcontractor to submit in writing to the Contractor a list of submittals required from other trades for its coordination.
44. If applicable, field as-built drawings shall be maintained for each trade.
45. All work performed by this Subcontractor shall be acceptable to the authorities having jurisdiction, owner and Contractor at all times. Any work that is found to be unacceptable shall be immediately removed and replaced by this Subcontractor or at this Subcontractor's expense.
46. All work to be installed per the construction documents and in strict accordance with the manufacturer's recommendations and requirements.
47. Provide a one-year warranty for labor and material from the date of project substantial completion and any other special warranties as specified per the contract documents.
48. Subcontractor is responsible to provide, furnish, and install all products and services without limitation, as it pertains to Subcontractor's scope of work. This includes all labor, materials, equipment, transportation, product data, shop drawings, samples, submittals, O&M manuals associated components, accessories, supports, tests, licenses, inspections, applications, bonds, fees, permits, and all federal, state and local taxes (if applicable) as required per the contract documents.
49. Price includes a reasonable amount of repairs as part of the punch-out process. Repairs may include incidental damage caused by other trades as is common in multifamily construction. Repairs due to obvious negligence by other trades may be considered an extra to subcontract price.
50. Subcontractor is to protect work in place of other trades and the owner. Damages caused to others work shall be this Subcontractor's responsibility. Including, but not limited to, repair or replacement costs.
51. Subcontractor to make required corrections and adjust and test as required for Subcontractor's scope of work for satisfactory performance/operation and finish to owner's satisfaction.

# EXHIBIT “A”

## SCOPE OF WORK

---

52. In accordance with the provisions of the contract documents Subcontractor is responsible to respond in writing with any time and/or cost impact to this scope of work for document updates and revisions; any expense due to the failure of this Subcontractor to do so shall be paid in full by this Subcontractor. Subcontractor understands that there will not be any deviations from qualifications, plans or specification without written approval. Claims by the Subcontractor for time and/or cost must be initiated after occurrence of the event giving rise to such claim after the Subcontractor first recognizes the conditions giving rise to the claim, and the Subcontractor shall use its best efforts to cooperate with the Contractor to mitigate claim. Any request for an extra must be submitted in writing and received at the Contractor's main office or be forever waived. Request must be submitted in format as required in the contract documents. CONTRACTOR FIELD SUPERVISORS DO NOT HAVE AUTHORITY TO AUTHORIZE ADDITIONAL WORK ABOVE THE CONTRACT.
53. The Subcontractor shall pay any restocking fees necessary due the Subcontractor's negligence.
54. Subcontractor agrees to pay for any overtime inspections or re-inspection fees due to a failed inspection by this Subcontractor.
55. If Subcontractor fails to perform a non-compliance notice will be sent. First notice is a warning, second notice will be accompanied by an appropriate deductive change order or other form of further action, i.e., 48-hour notice.
56. A 48-hour advanced notice to the Contractor's superintendent is required for all deliveries, and the Subcontractor is to provide an onsite representative to check/sign the delivery ticket.
57. Subcontractor is to provide all storage, handling, hoisting, uncrating, distribution and stocking of material related to this scope of work. Subcontractor is not to use units, breezeways or retail spaces for storage of any material without prior permission from the Contractor's superintendent. All usable material shall be moved forward upon completion of work at each building. Any material stored on site shall be properly secured, protected, covered, and set on dunnage as necessary as Contractor will not be held responsible for theft or damage to the material. Materials that are damaged during transportation to the jobsite or defective shall be replaced in a timely manner at no expense to the Contractor.
58. Subcontractor must obtain Contractor's pre-approval, if the subcontractor plans, to store materials on or off-site and to be paid for stored materials. The Subcontractor's draw schedule should have stored materials as a separate line item. Should the Subcontractor plan on storing materials offsite the following must be accomplished:
- a. Subcontractor should obtain pre-approval from Contractor's project Superintendent,
  - b. Subcontractor shall have location of stored materials pre- approved by Contractor's project Superintendent,
  - c. Stored materials shall be separated and stored in a manner that allows Contractor to visual verify/check inventory.
  - d. Subcontractor must provide Contractor with sufficient backup to substantiate cost and quantity of materials during the invoicing process. Subcontractor should include the following documentation with monthly draw request where stored materials are indicated on the invoice: 1) The materials shall be covered by Subcontractor's insurance. The

# **EXHIBIT “A”**

## **SCOPE OF WORK**

---

certificate of insurance (COI) will insure stored materials and list Additional Insured Entities as defined in Exhibit E. 2) Detailed Bill of Sale. Contractor shall only pay for the cost of the materials, no markup for profit and overhead will be allowed. 3) Photographic evidence of the stored materials in the stored location.

59. Subcontractor will furnish any and all equipment required to complete this scope of work including but not limited to all hoisting equipment, forklift and/or crane complete with operator, man lifts, ladders and scaffolding, etc. All equipment and scaffolding to be accordance with OSHA safety standards. Forklift drivers will be appropriately licensed and a copy of their license shall be on file in the jobsite office.
60. Intentionally left blank.

# EXHIBIT "A"

## SCOPE OF WORK

**Contract Number:** EB2117-9001

**Subcontractor Name:** Desert Services

**Cost Code(s):** 02.0210.04

**Activity(ies):** Erosion Control

<b>Production Rate(s)</b>			
61.	<b>Subcontractor agrees to meet or exceed the project schedule production rates as outlined below:</b>	<b># of Days</b>	<b>Comment</b>
a.	SWPPP Narrative Design Manual, SWPPP Sign, Dust Control Sign	1	Provide within 1 week of contract execution
b.	SWPPP Inspections	1 / ea	Every 14 days
c.	Compost Filter Sock Install	1	
d.	Final clean garage	1	2 levels / day

<b>Labor Rate(s)</b>			
62.	<b>Subcontractor agrees to additional work rates as outlined below:</b>	<b>Cost (\$)</b>	
a.	Trackout at each entrance, per SWPPP Plan, if needed	\$2,475.00	price to set up each entrance
b.	Rumble grate, if needed	\$550.00	per month
c.	Drop inlet protection, if needed	\$145.00	per drop inlet
d.	Curb inlet protection	\$375.00	per curb inlet
e.	SWPPP inspections needed (rain event, misc.)	\$195.00	per inspection
f.	BMP installation & removal mobilization	\$255.00	per mobilization
g.	Install 9" Compost Filter Sock	\$2.45	per LF

<b>Line Number</b>	<b>Item Description</b>	<b>Populate with Yes or No</b>		<b>Comments</b>
		<b>Furnish</b>	<b>Install</b>	
63.	Install and maintain Erosion Control / BMP per plans and specifications.	Yes	Yes	
64.	SWPPP Inspections performed every 14 days and after rain events, as required by ADEQ and SWPPP.	Yes	Yes	Rain inspections to be billed against allowance.
65.	Subcontract will attend weekly safety meetings only if performing work on site on the day of the meeting.	Yes	Yes	
66.	All surveying required for the completion of this scope of work provided by Others.	Yes	Yes	
67.	The Subcontractor will call for location of all utilities prior to any excavation and accept responsibility for damage to other trades and/or utilities and make full restitution for damages and repairs.	Yes	Yes	
68.	Subcontract is figured with an allowance of 10 mobilization for installation and removal of BMP throughout the project.	Yes	Yes	

# EXHIBIT "A"

## SCOPE OF WORK

Line Number	Item Description	Populate with Yes or No		Comments
		Furnish	Install	
69.	Subcontractor to furnish and install compost filter sock at construction perimeter fence in lieu of silt fence. Per subcontractor, compost filter sock is an EPA approved equal to the silt fence specified in the SWPPP plans. To be installed at the direction and timing of the Contractor's Superintendent.	Yes	Yes	
70.	Subcontract includes an Not-to-Exceed allowance of \$10,000 for additional rain event inspections, repairs and maintenance, as needed. All repairs will be directed by Contractor's Superintendent.	Yes	Yes	
71.	Subcontract includes final cleaning the precast parking garage using a crew, sweeper equipment, backpack blowers, pressure washers and fans to manage dust.	Yes	Yes	Scope includes two mobilizations. First part of garage will be cleaned on first mobilization and second part garage on the second mobilization.
72.	<b>Subcontractor's Scope of Supply and Install includes the following:</b>	Yes	Yes	
a	SWPPP Narrative Design Manual, per EPA Specifications - 1 EA	Yes	Yes	
b	9" Compost Filter Sock - 3,000 LF	Yes	Yes	
c	Curb Inlet Protection - 3 EA	Yes	Yes	
d	SWPPP Sign - per ADEQ Specifications - 1 EA	Yes	Yes	
e	Dust Control Sign - 1 EA	Yes	Yes

*\*If multiple trades are contracted via one contract, higher values prevail.*

# **EXHIBIT “F”**

## **PAYMENT MANAGEMENT SYSTEM OVERVIEW**

Procore Invoice and Procore Pay are web-based construction invoicing and payment solutions. Subcontractors can electronically sign and submit their pay applications—including invoices, sworn statements, and conditional and/or unconditional lien waivers. Payments are made electronically via ACH (Automated Clearing House) resulting in faster access to your funds. Sub-tier lien waivers can be uploaded per draw.

### **Sign Pay Applications and Submit Electronically**

Procore Invoice automatically generates the required Pay Application documents and transmits them to your General Contractor electronically at the click of a button.

- Invoices are created by simply entering the dollar value by Statement of Value line item.
- No percentage SOV line item draws are permitted. The SOV line item must be 100% complete to draw (invoice).
- Electronic submission of documents eliminates the expense and inconvenience of fax or hand delivery.
- Invoice amounts are verified with lien waiver and payment amounts, reducing the risk of error.

### **Receive Payments via ACH**

Procore Pay uses the secure ACH network for electronic deposit of funds to accelerate draw payments.

- ACH will deliver funds faster than a manual check. Payments are made through Procore Pay directly by the GC and are subject to the terms of your contract.
- ACH works like direct deposit. Funds are immediately available, no waiting for checks to clear.

### **Know What is Happening, When It Happens**

Procore offers complete visibility throughout the draw process and notifies users of critical events.

- Receive real-time notifications when a draw is opened, change order issued, payment disbursed, etc.
- Receive email reminders to update expiring insurance documents and notification of non-compliance.
- Online invoice approval and rejection ensures that both parties are informed of final invoice amounts.

### **Manage Documents Online**

Project documents created in or uploaded to the system are available for viewing, printing or downloading to your computer. Pay Application backup documents are submitted quickly and easily via an upload attachment feature.

- Possibility for lost or delayed documents resulting in held payments is virtually eliminated

# **EXHIBIT “F”**

## **PAYMENT MANAGEMENT SYSTEM OVERVIEW**

**What Does It Cost to Use Procore  
Invoice and Procore Pay?**

No Cost to Subcontractor

**Payment Method**

- ACH

**Technical Requirements:**

Procore Invoice and Procore Pay is completely web-based-there is no software to install. Users need only:

- Internet access (high-speed recommended)
- Email access for each user

**Free Training & Support:**

Our Training Supports your training needs with:

Setup Guide: [Payee: Setup Guide - Procore](#)

User Guide: [Payee: User Guide - Procore](#)

**Administrative Compliance Required**

Prior to receiving access invoice submission, the subcontractor must meet administrative compliance requirements, including but not limited to the following:

- Executed Agreement;
- Subcontractor Point-of-Contact (POC) information submitted to EMBREY;
- Compliant status with contractor's insurance monitoring service under this Agreement, including but not limited to Insurance Monitoring Service Overview (Exhibit in this agreement); and
- This requirement is for Subcontractors only: Supplier List (Exhibit, in this agreement) or Stock Letter (on Subcontractor Letterhead) submitted to EMBREY.

After each draw (invoice) submission, a temporary payment hold will be placed on the draw. The subcontractor must meet administrative compliance requirements for payment disbursement, including but not limited to the following:

- Compliant status in Insurance Monitoring Service Overview (Exhibit, in this agreement);
- Subcontractor Unconditional (Progress) Lien Waiver for the previously paid draw (i.e. correct thru date, amount, dated, signed, and references legal entity name and project address).
- Subcontractor Sub-Tiers (suppliers) Unconditional (Progress) Lien Waiver for the previously paid draw (i.e. correct thru date, amount, dated, signed, and referencing legal entity name and project address) (if applicable) by the 10<sup>th</sup> of the month following previous months disbursement.
- For the Final draw, Subcontractor must upload Conditional (Final) Lien Waiver for the current draw for Sub-Tiers (suppliers) (i.e. correct thru date, amount, dated, signed, and referencing legal entity name and project address) (if applicable).

# **EXHIBIT “F”**

## **PAYMENT MANAGEMENT SYSTEM OVERVIEW**

### **Invoice Submission via the Payment Management System**

Upon compliance with the administrative requirements, subcontractors will receive a request to accept the Project contract. Upon registration and acceptance of the Project, subcontractors will be eligible to submit invoices.

**Note: Change Orders will not be available in the Payment Management System until executed.**

Subcontractor will be notified via email that the monthly draw has been opened for invoice submission. If not submitting an invoice, select the decline link to be removed from the draw. Subcontractors must complete and submit invoicing per EMBREY’S invoice schedule.

**\*\*\*NOTE: If an invoice is not received prior to the draw close deadline, the subcontractor is automatically removed from the draw when closed.**

Draw will be opened on the 15<sup>th</sup> of each month at noon central standard time.<sup>1</sup> Draw will be closed on the 20<sup>th</sup> of each month at 4:00 PM central standard time.<sup>2</sup> If the subcontractor has not started or completed the draw (i.e. signed and notarized all documents and submitted per deadline), the draw is closed and the subcontractor will be removed from the draw. The invoice submitted is for the period of the 21<sup>st</sup> of the previous month through the 20<sup>th</sup> of the current month. Subcontractors will have until the 20<sup>th</sup> of each month to complete **AND** submit their invoice.<sup>2</sup> The following documents are required monthly per draw.

- Invoice entry complete (signed)
- Conditional Waiver complete (signed)
- Sworn Statement complete (signed)
- Unconditional Waiver signed complete (signed)

### **EXCEPTIONS:**

1. If the 15<sup>th</sup> falls during a weekend or holiday, it will be opened the last business day preceding the weekend or holiday.
2. If the 20<sup>th</sup> falls during a weekend or holiday, the draw will remain open until the first business day following the weekend or holiday.

# EXHIBIT “G”

## INSURANCE MONITORING SERVICE OVERVIEW

---

Embrey Builders, LLC (“Embrey”) is now requiring all contractors, vendors, professionals, and suppliers to register with a company named Business Credentialing Services (“BCS”) when entering into an agreement to perform services at any Embrey-owned or managed property.

### **Why is Embrey partnering with BCS?**

Embrey is a well-respected company and as such we owe a duty to our shareholders, investors, partners, tenants, customers, and lenders to ensure that contractors performing work at our properties are properly credentialed with insurance, licenses (if required), are not affiliated with terrorist groups (Patriot Act), have no criminal business history, etc. Embrey is partnering with BCS as they have the expertise, technology, and proven track record in handling the volume of contractors rather than performing these types of checks in-house. BSC provides a secure online registration portal wherein a contractor may submit insurance certificates and other compliance paperwork and information for BCS to review, scan and host on a secure database. The database is a tool used by BCS and Embrey to facilitate the service.

### **Procore Integration with BCS**

Once a commitment is entered into Procore, linking contractor’s information to that commitment, BCS is then triggered to request compliance documents on a project-by-project basis and sent directly to the contractor’s email. BCS automates every part of the compliance process including reviewing documents against contractual insurance requirements, flagging deficiencies, and tracking document expirations. The system automatically sends requests for corrections, renewals, etc.

### **Getting Started**

1. Contractors will receive an email from BCS, containing a link to upload required insurance documents, as “Submit Documents Here.”
2. Once the link is clicked, a new window will pop up, opening the BCS portal.
3. If the contractor is unsure of the required documentation, they can select “View Requirements” for a sample COI.
4. Using the “Select a File” link, the File Explorer will open to choose documents to upload.
5. Submitted documents are automatically scanned, returning deficiencies, and the compliance status is updated in real-time.
6. The contractor will have the option to correct all deficiencies on-screen or to have an expert at BCS review the deficiencies by selecting the “Expert Review” button.
7. Once documents have been selected from File Explorer, enter a valid email address and click “Submit” to finalize the submission.

### **BCS Contact Information:** Phone (main): 862-242-5500

- Email COIs: [embrey@embrey.bcs certify.com](mailto:embrey@embrey.bcs certify.com), or upload via unique email notification from the domain: @bcscertify.com.
- BCS App for Vendors: [vendor.bcsaudit.com](https://vendor.bcsaudit.com)

**Embrey Risk Management Team:** [RiskMgt@Embrey.com](mailto:RiskMgt@Embrey.com)

## PROJECT SAFETY REQUIREMENTS

---

1. General Supervision. Subcontractor shall provide full-time, on-site, qualified supervision by an individual who holds an OSHA 30-hour training certificate dated within the previous 3 years during all field activities associated with the Work. The on-site supervision shall have the authority to bind Subcontractor with respect to safety, field erection, field fabrication, and production matters and shall be in attendance at all scheduled construction and safety meetings.
2. Sub-Subcontractors EMR. Sub-subcontractors of Subcontractor, of any tier, shall have a safety experience modifier rate equal to or less than 1.0 at all times such sub-subcontractor is performing work on the Project.
3. Removal. If, in Contractor’s opinion, any employee or sub-subcontractor of Subcontractor shall fail strictly to adhere to Contractor’s safety manual or the Project Safety Requirements, Subcontractor shall remove such employee or sub-subcontractor from the Project, without liability to Contractor; provided, however, that nothing in this Subcontract creates a duty of Contractor to monitor Subcontractor or Subcontractor’s Agents.
4. Visitors. All visitors to the Site must sign in at Contractor’s field office and have all proper personal protective equipment as required by Applicable Law and Contractor’s safety manual; provided, however, that Subcontractor will be solely responsible for determining the appropriate precautions to protect any visitor of Subcontractor while such visitor is at the Site.
5. Emergency Contact. Subcontractor shall provide to Contractor after-hours emergency contact numbers.
6. Attendance at Meetings. Authorized and qualified Subcontractor personnel are required to attend all required meetings, including, but not limited to: (i) Site safety meetings, (ii) contract meetings, (iii) safety committee meetings, (iv) Pre-construction meetings, and (v) pre-installation meetings.
7. Safe Place to Work. Subcontractor shall provide all of Subcontractor’s Agents on the Project with safe appliances and equipment and a safe place to work and perform the Work in a safe manner with high regard for safety of all Persons.
8. Overhead Work. Subcontractor shall provide advance, timely notification to Contractor for any Work to be performed where overhead protection will be necessary, and Subcontractor shall indicate where work activities should be barred to ensure a safe work area.

# EXHIBIT “H”

## PROJECT SAFETY REQUIREMENTS

9. Emergencies. In an emergency affecting the safety of Persons or Property, Subcontractor shall act, at Subcontractor's discretion, to prevent threatened damage, injury, or Loss.

10. COVID Protocols. Subcontractor shall comply with all COVID-19 protocols required or recommended by any Governmental Authority (“COVID Protocols”) and shall ensure that its employees and sub-subcontractors will comply with all of the COVID Protocols while executing all Work on the Project. Subcontractor and its employees and sub-subcontractors shall also comply with the Contractor’s and/or Owner’s requirements regarding the mitigation of COVID-19 risk, if any. No issue related to COVID-19, including manpower limitations, may be invoked by the Subcontractor as grounds for extending or delaying any deadline set forth in the Subcontract except as may be expressly provided for under the Subcontract.

11. Safety Violations and Reprimands. If any Agent of Subcontractor’s (i) violates Contractor’s safety manual, or (ii) the Project Safety Requirements (each, for the purpose of this Exhibit, a “Safety Violation”), then Contractor may (but is under no duty to) take the following actions:

11.1. Not Life Threatening – First Offense: If an Agent’s Safety Violation is such agent’s first offense and the violation is not life threatening, Contractor may issue a verbal warning to such Agent, and Subcontractor shall document the warning in the daily log in accordance with Section 5.5 of the Subcontract.

11.2. Life Threatening – First Offense: If an Agent’s Safety Violation is life threatening and the Safety Violation is the Agent’s first offense, the Agent shall stop all work and correct the Safety Violation immediately. If the Agent is an employee of Subcontractor’s, the employee’s supervisor should document the violation on an Employee Disciplinary Agent Form. If the Agent is a non-employee, Subcontractor shall document the Safety Violation with the Safety Violation Book provided in the safety manual, which shall include documentation if the correction method used to remediate the violation.

11.3. Second Offense: If an Agent of Subcontractor’s commits more than one Safety Violation during the duration of the Project, such Agent shall be expelled from the Site for no less than one day or fined, and the same documentation methods described in Section 11.2 (above) shall be followed.

11.4. Third Offense: If an Agent of Subcontractor’s commits more than two Safety Violations during the duration of the Project, such Agent shall be permanently banned from the Site or fined, and the same documentation methods described in Section 11.2 (above) shall be followed.

12. Occupational Medicine. Subcontractor shall provide to Contractor the name and contact information of the entity each Subcontractor and tiered Sub-subcontractors utilize for occupational medicine.

# EXHIBIT “H”

## PROJECT SAFETY REQUIREMENTS

13. Accident Prevention & Other Policies. The Subcontractor agrees that the prevention of accidents to workmen and Property engaged upon or in the vicinity of the Work is its responsibility. The Subcontractor agrees to comply with all Federal, State, Municipal and local laws, ordinances, rules, regulations, codes, standards, orders, notices and requirements concerning safety as shall be applicable to the Work, including, among others, the Federal Occupational Safety and Health Act of 1970 and the Clean Water Act, as amended, and all standards, rules, regulations and orders which have been or shall be adopted or issued thereunder, and with the safety standards established or imposed during the progress of the Work by Contractor. When so ordered, the Subcontractor shall stop any part of the Work which Contractor deems potentially unsafe, noncompliant or in violation until corrective measures satisfactory to Contractor have been taken, and the Subcontractor agrees that it shall not have nor make any Claim for damages growing out of such stoppages. Should the Subcontractor neglect to take such corrective measures, Contractor may do so at the cost and expense of the Subcontractor and may deduct the cost thereof from any payments due or to become due to the Subcontractor. Failure on the part of Contractor to stop unsafe practices shall in no way relieve the Subcontractor of its responsibility therefor. This Subcontractor acknowledges the receipt of Contractor's "Safety and Health Master Program and Resource Guide" and the "Site Specific Safety Program" Subject to Applicable Law this Subcontractor further agrees to be bound to these policies as a part of the supplemental and special conditions to the contract for construction of the project, including any amendments or modifications of such policies that Contractor may issue at any time. Subcontractor further acknowledges that Contractor endeavors to employ on its projects robust programs with respect to safety and storm water management, as well as compliance with relevant laws and regulations, including, without limitation, OSHA and the Clean Water Act. Such programs may include aggressive measures and requirements, such as reporting, training of personnel and inspections that may be considerably above and beyond minimum standards. Subcontractor agrees to comply with any and all requirements Contractor may impose in connection with such programs and policies, whether as part of this Subcontract or hereafter, and the cost and expense of such compliance shall be borne by the Subcontractor. In the event that Hazardous Substances of a type of which an employer is required by law to notify its employees are being used or stored on the Site by the Subcontractor, the Subcontractor's subcontractors and anyone directly or indirectly employed or otherwise retained by them or either of them, the Subcontractor shall immediately provide written notice of the chemical composition thereof (including, without limitation, a copy of the applicable Safety Data Sheet to Contractor in sufficient time to permit compliance with such laws by Contractor, other subcontractors and other employers on the Site. In the event that the Subcontractor encounters on-site material reasonably believed to be Hazardous Substances (including, without limitation, asbestos or polychlorinated biphenyl) which has not been rendered harmless, the Subcontractor shall immediately stop Work in the area affected and immediately report the condition to Contractor in writing. Work in the affected area shall resume when such Hazardous Substances have been rendered harmless or removed as determined by Contractor in

## **EXHIBIT “H”**

### **PROJECT SAFETY REQUIREMENTS**

its sole and absolute discretion. To the extent of Subcontractor's responsibilities hereunder, Subcontractor does indemnify and save harmless Contractor from and against any and all loss, injury, Claims, Actions, proceedings, liability, damages, fines, penalties, cost and expenses, including legal fees and disbursements, caused or occasioned directly or indirectly by the Subcontractor in regard to such Hazardous Substances.

**Arizona Form  
5005**
**Arizona Department of Revenue**
**Contractor's Certificate  
Prime Contracting and MRRA**

The purpose of this Certificate is to provide a subcontractor with the validation required for prime contracting transaction privilege tax (TPT) exemption, and for exemption from liability for an amount equal to retail TPT on materials incorporated or fabricated into maintenance, repair, replacement or alteration (MRRA) projects. The Certificate can be provided for a particular project, for a period of time, or until revoked. This Certificate establishes liability of the contractor issuing it for the prime contracting TPT and/or the amount equal to the retail TPT; therefore, it must be completed by the contractor assuming the liability. The asterisked (\*) items must be completed; otherwise, the Certificate is not valid. The Department may disregard this Certificate pursuant to A.R.S. § 42-5008.01 or A.R.S. § 42-5075.E if the Certificate is incomplete or erroneous. If disregarded, the subcontractor accepting the Certificate will have the burden of proving (pursuant to A.R.S. § 42-5008.01 or A.R.S. § 42-5075.D), that it is not liable for the prime contracting TPT and/or the amount equal to the retail TPT.

**Prime contractor should provide this Certificate to the subcontractor(s) and retain a copy for their records.**

## Contractor's Certificate Instructions

---

### GENERAL INSTRUCTIONS

---

In order to ensure the effectiveness of the Certificate, all required fields must be completed.

- A. The "NAME", "ADDRESS", and "TPT LICENSE NUMBER" fields of the Contractor section must be completed. The contractor is the entity responsible for the tax.

A contractor who is Native American, working on the reservation established for their tribe will mark the box indicating this.

A contractor working for the Native American or the Tribe on the reservation established for the Tribe will mark the box indicating this. The name of the Tribe must also be included.

- B. The "NAME", "ADDRESS", and "TPT LICENSE" fields of the Subcontractor section must be complete.

- C. Either the "Single Project Certificate" box or the "Blanket Certificate" box of the Type of Certificate section must be checked.

- If the "Single Project Certificate" box is checked, the "PROJECT DESCRIPTION" must be supplied. The project description must be sufficient to identify the location of the single project or the Certificate will be deemed incomplete by the Department.

- Additionally, if the "Single Project Certificate" box is checked, a project designation description must be provided. See below for definitions.

- If the "Blanket Certificate" box is checked, either the "From: Through:" box or the "Until revoked" box must be checked. If the "From: Through:" box is checked, the "From: Through:" dates must be provided. The "Specific Project Exclusion" box is optional and allows the "Prime Contractor" to exclude specific projects or time periods from the Blanket Certificate. If the "Specific Project Exclusion" box is checked, details including the project's description and designation or the excluded time periods must be provided.

- The "SIGNATURE", "TITLE", "PRINT NAME" and "DATE SIGNED" FIELDS of the Signature section must be completed.

**Failure to complete these fields as specified may result in the Department disregarding the incomplete Certificate.**

---

### MRRA AND MODIFICATION DEFINITIONS

---

**Maintenance:** The upkeep of property or equipment.

**Repair:** Returning existing property to a usable state from a partial or total state of inoperability or non-functionality.

**Replacement:** Removal from service of existing property of a: (i) *component*; or (ii) *system*; or (iii) *type of tangible personal property*, and replacement with another one that provides the: (i) same; or (ii) similar; or (iii) upgraded design or functionality; regardless of whether the existing component or system or existing tangible personal property is physically removed from the existing property.

**Component:** One of the parts of a compound or complex whole; helping to make up the whole of something. A component may be part of a system.

**System:** A regularly interacting or interdependent group of items (or components) forming a unified whole.

**Tangible personal property installed in existing property:** Property installed into existing real property that can still be identified after installation, that does not lose its character and can be removed in essentially the same form.

**Alteration:** An activity or action that causes a direct physical change (e.g., adding or expanding square footage) to existing property that cannot be classified as maintenance, repair or replacement and that is under the following thresholds. For *residential* property (see explanation below) the alteration amount is less than 25% of the property's value as determined by the county assessor. For *commercial* property (see explanation below), the alteration amount is for less than \$750,000. If the above thresholds are exceeded, then the project is a modification project (see below).

**Modification:** Activities encompassing "ground up" construction, grading and leveling ground, and wreckage or demolition, or other new contracting activity where none previously existed to the extent such activity cannot otherwise be characterized as maintenance, repair, replacement or alteration ("MRRA").

**Residential:** Existing property classified as class two property and that is used for residential purposes (see A.R.S. § 42-12002(1)(c)); class three property (see A.R.S. § 42-12003), or class four property (see A.R.S. § 42-12004).

**Commercial:** All other existing property not classified as residential (classes one, five, six, seven, eight, and nine). See A.R.S. §§ 42-12001, 42-12005, 42-12006, 42-12007, 42-12008, and 42-12009.

---

### RETROACTIVE EFFECT

---

If a Certificate is not signed contemporaneously with the commencement of a contracting project intended to be within the scope of the Certificate, the Department will accept the Certificate as evidence of the alleged facts. However, the person receiving the Certificate may not receive the benefit of the Certificate if the Department determines that any of the facts set forth in the Certificate are inaccurate.

---

### ASSUMPTION OF TPT LIABILITY

---

In most instances, the entity assuming the transaction privilege tax liability for the contracting project(s) referenced in the Certificate will legally be the prime contractor for such project(s). However, in some instances such entity may not legally be the prime contractor for such project(s). If an entity is not the prime contractor for such project(s), the Certificate will nevertheless be effective and will subject such entity to the transaction privilege tax liability of the entity receiving the Certificate.

**W-9**

Form (Rev. March 2024)

Department of the Treasury  
Internal Revenue Service**Request for Taxpayer Identification Number and Certification**Go to [www.irs.gov/FormW9](http://www.irs.gov/FormW9) for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

**Before you begin.** For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)  <b>Desert Services, LLC</b>	
2 Business name/disregarded entity name, if different from above. <b>same as above</b>	
3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only one of the following seven boxes. <input type="checkbox"/> Individual/sole proprietor <input type="checkbox"/> C corporation <input type="checkbox"/> S corporation <input type="checkbox"/> Partnership <input type="checkbox"/> Trust/estate <input checked="" type="checkbox"/> LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) <b>P</b> <small>Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.</small> <input type="checkbox"/> Other (see instructions)	
3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions <input type="checkbox"/>	
5 Address (number, street, and apt. or suite no.). See instructions. <b>800 N. Mary St</b>	Requester's name and address (optional)
6 City, state, and ZIP code <b>Tempe, AZ 85281</b>	
7 List account number(s) here (optional)	

**Part I Taxpayer Identification Number (TIN)**

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

**Note:** If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number									
<input type="text"/>	<input type="text"/>	-	<input type="text"/>	<input type="text"/>	-	<input type="text"/>	<input type="text"/>		
or									
Employer identification number									
9	9	-	3	7	5	2	8	0	5

**Part II Certification**

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

**Certification instructions.** You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here	Signature of U.S. person
-----------	--------------------------

Date

**General Instructions**

Section references are to the Internal Revenue Code unless otherwise noted.

**Future developments.** For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to [www.irs.gov/FormW9](http://www.irs.gov/FormW9).

**What's New**

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

**Purpose of Form**

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

## **ELECTRONIC RECORD AND SIGNATURE DISCLOSURE**

From time to time, Embrey Partners, Ltd (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

### **Getting paper copies**

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

### **Withdrawing your consent**

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

### **Consequences of changing your mind**

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

### **All notices and disclosures will be sent to you electronically**

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

### **How to contact Embrey Partners, Ltd:**

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by phone call: 210.804.5289

To contact us by email send messages to: bdube@embreydc.com

### **To advise Embrey Partners, Ltd of your new email address**

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at hturner@embreydc.com and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

### **To request paper copies from Embrey Partners, Ltd**

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to bdube@embreydc.com and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

### **To withdraw your consent with Embrey Partners, Ltd**

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an email to bdube@embreydc.com and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

### **Required hardware and software**

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: <https://support.docusign.com/guides/signer-guide-signing-system-requirements>.

### **Acknowledging your access and consent to receive and sign documents electronically**

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to ‘I agree to use electronic records and signatures’ before clicking ‘CONTINUE’ within the DocuSign system.

By selecting the check-box next to ‘I agree to use electronic records and signatures’, you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify Embrey Partners, Ltd as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by Embrey Partners, Ltd during the course of your relationship with Embrey Partners, Ltd.
