You are authorized to operate under this Construction General Permit NOI. This authorization may be revoked in the event that you, the permittee, fails to comply with the general permit or has the potential to cause or contribute to the violation of a Protected Surface Water Quality Standard.

Correspondence with ADEQ concerning any construction activity covered by this permit must reference the NOI authorization number.

If you have any questions regarding this Construction General Permit NOI, please contact the Stormwater Program at 602-771-1440.
